Purple Top White Globe
55 days. Bright purple on top and creamy white below. Nearly round, smooth roots with white interior grow to 5 inches across. Best harvested at 2-3 inches. Carefully selected mild, sweet strain.

2 grams $2.50

Sowing Indoors- Not recommended.
Sowing Outdoors- Direct sow from the time of your last frost date through mid-summer. Sow into ½ inch deep furrows. Keep seed bed moist.
Growing Tips- Make sure to thin to 6-8 inches between plants to allow for optimum root growth.
Fertilization Tips- Apply 1 cup of our complete fertilizer per 10 row feet to provide the nutrition necessary for optimum growth.
Insect Prevention Tips- Cover the rows with a floating row cover to reduce root maggot and flea beetle populations. Consult our catalog for additional information.
Harvesting Tips- Best if eaten before the roots reach the size of a baseball.
Seed Specs- Min. germ. standard: 80%. Usual seed life: 3 years.

Some varieties are suitable for winter gardening. See our winter catalog.

Please read our seed guarantee before opening this envelope.
