"To the attentive eye, each moment of the year has its own beauty, and in the same field, it beholds, every hour, a picture which has never been seen before and which shall never be seen again."

Ralph Waldo Emerson
Students at East are always busy. Whether it is trying to catch the bus, talking with their friends before school in the halls, washing cars to raise money, or just waiting for the school day to start, they are always on the move.

Above: Tiffany Kresky ('09) and Wendy Peng ('09) listen to the morning announcements as they wait for their day to start. Left: Gowtham Muthumani ('09) and Bobby Mac ('09) fool around while waiting for class to begin.

Left: Melanie Wittenberg ('10) races to class, showing off her pride for the East soccer team. Right: Dave Rothman ('09) and Ed Brasteter ('09) walk into school for another exciting day.
TOP 5 HANGouts

The Ritz Movie Theatre is, by far, the most popular movie theatre in Cherry Hill. When the new movies come out Friday night, it is packed. East students can be found here every weekend.

East students could not be happier when a Five Guys opened on the East side of town. The burgers are top-quality, and the fries are out of this world!

East students can always be found at the Skate Zone. From ice skating to arcade games, dances to hockey games, the Skate Zone has it all.

The Promenade is definitely the most sophisticated mall in town. It has all the hot brands. It has all the places to shop for all the needs.

Wawa, or Club Wawa as it is known by many, has fixed the hunger problem of many a famished East student. Wawa is one of the things many students will miss when leaving for college.
Over the years, trends continue to change. Some of these trends come back into popularity many years later.

Many of the popular stores include Abercrombie & Fitch, Hollister Co., American Eagle, and PacSun.

Jeans are very popular among East students. Almost every student owns at least one pair.

One clothing style that has come back into popularity is plaid. Whether it's shorts, pants, or shirts, plaid has become a fashion trend of our time.

Ed Hardy, Coach, and Uggs are some of the popular brands among teens.
Over the years, gaming systems are continuing to change. The newest are Wii, PS3, and XBOX 360. Ipods, PSP, and GPS's are portable technology that are big hits. It's incredible how advanced technology has become.

Although they have changed shapes and sizes over the years, ipods continue to be the number one music player. As the popularity of ipods has grown, ipod docks have become more in demand than radios and cd players.

Laptops continue to become more popular. They are more convenient than computers and more portable. Anywhere you go, you can have access to the computer.

GOOD times

Go Phillies!

Fightin' Phils Win It All!!
GREAT memories

Phillies Pride: 2008 World Series Champs
Students will miss going outside during lunch, enjoying the fresh air.

We will especially miss a person who greatly cared for all of us, our very own Mrs. McLeester.

We will all miss Mr. Ed Hall, beloved campus security officer and substitute.

What We Will Miss

About East

Everyone will miss Flo, her bright smile and her cheerful greeting, every morning.

We will miss C-Wing intersection where we always congregated between classes for a brief hello or some gossip.

When we look back, we will miss riding on the bus with our friends, and catching up on news.

We will miss the outstanding music department with all the great plays and concerts.

The lunch line is always out the door. Students stand in line, waiting for the most popular and delicious food in the school... a wrap.
Advice from Seniors to Underclassmen

"I suggest managing your time so you can do well in class, get involved, and not get stressed out. Find your interests early and seek extra help when needed. Challenge yourself, and have an enjoyable high school experience."
- Dana Senderoff

"My advice to freshmen is to take school seriously. This isn't middle school, so screwing up your grades is really going to haunt you all through high school. Don't cut either because teachers ALWAYS find out. Definitely, stop at your locker during lunch. Don't procrastinate on projects or reading assignments because it adds up. Keep yourself somewhat organized and be tight with your teachers."
- David Reynolds

"Get specific goals for yourself. If you want to meet someone new everyday, get an A in History or score 10 goals in a Field Hockey season; then, go do it. The only thing worse than letting someone down is letting yourself down."
- George Perlstein

"Contradictory to what many think, high school is very different from the stereotypical view instilled in others' minds through countless movies and television shows. High school has been the most fun time in my life thus far. Getting involved makes enjoying the next four years very easy. Success in high school is not defined by getting a perfect score on every single test you take; rather, it is making the four years you will spend at Cherry Hill East as memorable as possible."
- Matt Patane

"Don't be afraid to drop a class! If it's too difficult, then it's not for you. Challenge yourself and give it some time, but remember there are always more options. Don't hesitate to talk to your guidance counselor; he is very understanding and incredibly helpful!"
- Jo Chang

"I would like to tell the freshman class to focus on managing their time because in high school, that's a challenge they will face. They will have to balance activities and school work. I would also recommend that they make school work their top priority, starting from freshman year and not wait until junior year. In high school, they will have to learn to become truly independent."
- Amro Nassar

"One may think four years is a lifetime, but the truth is, it's not. You need to remember a few facts. First, get involved and meet as many people as possible. Second, never be afraid of the upperclassmen. They were just like you once. Third, don't be afraid of the first day of school; it's everyone's. Lastly, be yourself, have fun, and do your best."
- Matt Amerman

"My advice to anyone coming to Cherry Hill East is to find your niche: find something that you like to do, something that you want to do, and just get involved. East is such a great school with so many activities - sports, clubs, music, SGA, and theatre. Don't let your freshman year go by without getting into some activity. If you do, you will regret it. Getting involved is just something that makes East so much more fun. So relax, don't stress, and jump right in; East is waiting for you to make your mark!"
- Stacie Johnson

"When the class of 2009 entered the doors of Cherry Hill East in 2005 as freshmen, it seemed like the next 4 years would be overwhelming. Just remember, there are about 500 other kids in your same position! A few tips that helped me survive East: 1. Your planner will become your best friend. 2. The map (in my opinion) makes things more confusing; just ask someone, there are kids everywhere, and 3. Don't stress out over the little things; work hard on the tasks at hand, because freshmen year, well, it's just the beginning."
- Katie Scott

"My advice to incoming freshmen is to choose your classes wisely. Don't worry too much if you're not in all Honors or AP courses. Choose classes according to your ability level, and you'll succeed!"
- Meredith Keller

"My advice to freshmen is to get involved in school. There are a variety of activities the students can participate in. You can meet a lot of new people and make new friends."
- Nisha Mistry

Working hard...
... or hardly working?
The Dreadful Two Words:

College Apps..
... then... Senioritis!
"One word to describe myself? Dedicated or Dependable"

"My advice for my peers is to continue to strive for success and
excellence in the future while not
taking for granted their time at
East."

Jacob Charney

"For my future goals, I am thinking
of becoming a biomedical
engineer."

"My key to success is paying
attention to lectures in class,
decrease time spent studying at
home, meaning more time to do fun
stuff, and become refreshed after
school."

Chao Yangju

"I would describe myself as
Extraordinarily Legendary"

"My favorite things to do are going
to Disney World, watching the
Flyers, and enjoying time with my
brother Steven, sister Melody, and
the rest of my family.

Jen Hu

"One thing I can't live without is ...
coloring books!"

"My key to success is remembering
that no one thing is all-important,
and that having fun is just as
important as doing well."

Mike Kramer

"My fondest memory at East is
DECA Nationals sophomore year in
Orlando."

"If I were to choose one thing I can't
live without, it's a tie between my
iPhone and hand-sanitizer."

Rachel Levin

"I firmly believe in a life in balance.
Though school work always took first
priority, a high school life devoid of
activities, friends, or hobbies to
compliment my studying would not have
been nearly as memorable. Whether it be
athletics, drama, or simply going out on a
Friday night, I urge all to discover
something they love and pursue it whole-
heartedly, in addition to their studies, in
order to both maintain their sanity and
gather so much more during their time at
East."

Joy Hu

"My last advice before graduating is
to sleep whenever you get a chance;
you will truly cherish those extra
hours."

"When I go to college, I will miss
Diane's vanilla chip water ice and,
of course, my mom's cooking."

Todd Kummel

Brett Levine
Joyce Pan

"One thing I can't live without... a good nap"

"My favorite thing to do is sippin' on a homemade fruit smoothie while lying on a beach towel in my backyard on a hot summer day."

"I definitely can't live without, "Oh No, They Didn't!" It's a celebrity gossip blog-type thing that is fabulous at distracting me from anything important that needs to be done."

"My key to success is listening to Britney Spears."

Lisa Pietrangelo

"My key to success is definitely getting the best grades possible in the first two marking periods. I've definitely been known to slack off the last half of the year (freshman, sophomore, and junior year, too), so I always try to get the best grades possible in the beginning of the year to make up for it!"

Melissa Showers

"For my future goals, I would like to become involved in medical research - find cures to diseases."

"My key to success is late night sugar, preferably chocolate... anything to keep me awake long enough to finish homework, crash studying."

"My fondest memory at East is the intense Frisbee games outside of the band room after school."

"One thing I can't live without is music. Life would be so quiet."

Marie Smithgall

Rachel Selarsky

"My favorite things to do:
Race the people next to me on the treadmill. They don't really know it's a competition, but it is. Game on!
Second, I like knowing I'll be up really late doing homework. I don't know why, but I get really excited.
Last, I like saying blueberry in a British accent. Try it."

Dear Cherry Hill East,

It’s sad for me to think that my time as President of the school has come to pass, let alone my four years here at Cherry Hill East. Now that my senior year has begun to dwindle down to our very last days, I have been able to step back and reflect on this school and students for what they truly are. Upon such thoughts, I have come to realize the immensity of the honor and privilege it has been to serve and represent this student body. I mean this with full sincerity. I truly believe East has been blessed with a vibrant and diverse population of students.

As the first female school President in 30 years of Cherry Hill East’s Student Government Association, I have done my very best to serve this school in the same way it has treated me: with respect, open-mindedness, and enthusiasm. When elected my goal was to make a difference, and to leave my mark on this school. During my term I was able to start Battle of the Bands again and bring back the Homecoming Dance, what I consider two important events for the school. However what I have come to realize is that in 30 years, maybe when the next female school president rolls around, I wish not to be remembered for the several activities I was involved in as President, but how I lead the school as President. I hope that every predecessor as SGA President shows this building, staff, and student body the respect that Cherry Hill East deserves.

This being said, I would like to thank East, including the administrators, teachers, staff, and most importantly the students for my wonderful high school experience. To the underclassman—enjoy yourselves; get involved, it’s never too late to try something new. To my lovely seniors— I will always treasure my four years as a Cougar with the Class of 2009, I wouldn’t have had it any other way.

Stay Classy & Good Luck,

Emily Zippilli
SGA President
A Letter to the Graduating Seniors

Without a doubt every senior will leave Cherry Hill East a changed person; more mature, more compassionate and certainly more educated. Our time spent within the walls of East has taught us more than just book smarts. We have prepared ourselves to take the next step in life, whatever that might be. Every graduating senior will take with them not just the memories of four years but the confidence that we can find success in our future endeavors and one day lead by example.

It is very evident that the world we will enter after high school is filled with turmoil and uncertainty. Our duty as young adults entering the world is to leave it better than we found it. The shelter of Cherry Hill East has given us all the benefit of witnessing a changing world but at the same time not feeling the full effect of recent global woes. However, out of this turmoil our class will be given a chance to prove our worth and use our abilities to help change the future for the better.

Personally speaking, my time spent at Cherry Hill East will certainly be remembered as four amazing years. Like all of you I have made countless friends, experienced numerous unforgettable moments and have grown up both physically and mentally. However, it is my hope that these four years do not represent the peak of our lives, but rather a stepping stone to further education, life-long friends, financial stability and one day families of our own. I know for a fact that our class will not settle for just a remarkable high school experience. That is because the class of 2009 possesses a special character trait; determination. The senior class has proven its unique drive by leaving Cherry Hill East a better place than when we arrived.

As the end of senior year approaches, I have had a fear that one day the things I thought were so important at the time, would prove to be trivial. I was afraid that one day when I looked back on dominating the spirit week dance competition, winning spirit week and playing to a crowd of over 250 of my peers in the basketball playoffs I would laugh at how small it all was. However, upon further thought, I realized that no matter how old I grow, or how many other memories I pile on top of the ones I have, nothing can compare to the experiences that I had in high school. And that is a tribute to you, my fellow seniors. To the senior class, thank you, for both the lasting impression you have left on me and the community and for the pride you have given me in saying that I will be a graduate of Cherry Hill High School East class of 2009.

Congratulations,

Logan Marro

PRINCIPAL'S MESSAGE TO THE CLASS OF 2009

Dear Members of the Class of 2009,

As you leave East, please know that we wish you well in the challenges you face. It is our hope that our faculty and our community have helped all of our seniors to chart a course in their studies, and that all members of the class cherish the value of the East education which they have received.

In the years ahead, it is our hope that members of the Class of 2009 recognize our efforts to teach our students well and to support their efforts within the classroom, in athletics, and extracurricular activities. As students move to their new schools and to the workplace, may they do so confident that they come from a high school which offers a rigorous curriculum, celebrates diversity, and challenges the students to excel.

Best of all in the years ahead: may your lives be filled with purposeful works, loving families, good friends, and fond memories of Cherry Hill East.

Sincerely,
John O'Breza
Dear Class of 2009:

Somehow, your four years of high school have flown by. I truly cannot believe I have to say, "Goodbye!" to you. It is difficult. I remember the young ninth graders I greeted at the Freshman Orientation; you were both excited and tentative about entering high school. You knew you were entering a new phase of your life.

You have succeeded here at East. I am so very proud of you. As a Class, you have learned to respect each other, and as individuals, you have learned to believe in yourselves and in your capabilities. I have enjoyed watching your growth. You bear little resemblance to the ninth graders I welcomed. You have matured, and you understand that the world is a complex and, at times, a challenging place. You have met the challenges, and I am confident that you are well-prepared to continue to meet the challenges each of you will face. You are ready for the next phase of your life.

Your time at East passed quickly. Always remember your favorite classes and teachers—the ones who challenged you and made you stretch your mind. Remember the friends you made, and treasure the deepness of the relationships you made. Remember our crowded C wing and those crowds. Remember our school events, especially the dances and the Spirit Week events, and always remember, you have a "home" here at East.

I wish you the best for the future. I hope each of you finds a career that is rewarding and fulfilling. May you enjoy happiness and success. It is difficult to say, "Farewell!" Yet I know it is time...you are ready!

Love,

Mrs. McLeester

Two little sisters gazing at the sea
Imagining what their futures will be
The younger one stands with her eyes open wide
And says I'll go as far as the corners of the sky
Gather all the stars each night as they appear
And pick the very brightest one to wear in my ear...

"To the outside world, we all grow old. But not to brothers and sisters. We know each other as we always were. We know each other's hearts. We share private family jokes. We remember family feuds and secrets, family griefs and joys. We live outside the touch of time."

~Clara Ortega
You make us so proud.

Your contagious laugh, engaging smile, dancing spirit, big heart and personality will be sorely missed at home, but will take you far in life.

We wish for you a future filled with all good things and especially puffy clouds, rainbows and butterflies!

With all our love,
Mom, Dad, Lindsay and Stella too.
YOU'RE LIKE A SISTER TO ME

Funny how sometimes you meet someone and there's an instant connection. I knew I could trust you immediately with my innermost thoughts and feelings, that you'd protect them like your own. Over time, you've become more of a sister than a friend, being there not only to laugh but to hold my hand when times get difficult. You naturally sense when I need you the most. You allow me to see the world and my life in a new light. It's funny how an instant best friend turned out to be an amazing sister-friend to cherish for a lifetime.

Throughout the years where we have grown closer, we are no longer friends but family. I carry you in my heart, and wherever I go, there you will be.

I love you. Forever.

Dear Talia,

Eighteen years have gone by since we brought you home wrapped in a pink blanket on a cold February day. You have grown from a wide eyed child into a beautiful young woman.

We have watched with pride as you have made your mark both on the stage and in the classroom, pursuing your passions with excellence.

Now, though we are thrilled that you are starting a new chapter in your life, we are sad, too, that our little girl is leaving us. But we know you will enjoy Columbia and New York City as you continue dancing through life!

All our love, Mom, Dad and Rebecca

Amy Cynthia Agbottah

I can't begin to tell you how proud we are of you. We've been given the opportunity to watch you grow from an incredibly cute small child into a beautiful young woman. You have achieved so much in such a short time that it's hard for me to keep track of it all. Though it may seem to you that it's taken forever to reach this point, it had happened all too quickly for us. I'll admit here that it saddens me to see you start the rest of your life, however it cannot compare to how happy and proud that I know that you are so well prepared and dedicated to your dreams.

Love, Mom & Dad
Our precious Danielle has grown from a cute little girl into a beautiful young woman with aspiration and a definitive goal in sight.

God Bless you on your journey through adulthood.

Your family will always be with you.

A Christmas gift to cherish
Much more than we could wish.
A precocious child of many words,
Never quiet, or shy but outward.
Dance, early, became your thing to do
And swimming soon followed, too.

Something new and exciting to endure.
Coming of age was sometimes hard,
Only we could see the scars.
But you shined in every possible way
And no parent could be more proudly say,
Remember how much we love you always

Dear Anthony,

The best part of our lives has been spent watching you grow from a little baby to the young man you are now. There are traits that you possess which make us so proud. You have never been a follower, choosing instead to do what you wish to do. Your love of self comes from you and has never depended upon anyone else’s opinion of you. You fight for what is yours and will never let anyone take anything away from you, neither something tangible, nor your honor. We can’t wait to see how you write the next chapter of your life.

Love you always,

Dearest Grace,
You have provided so much joy in our lives. You meet life’s challenges and rise above through hard work, determination, and perseverance. You have kept us laughing with your sense of humor, but, most of all, we love you. When you leave for college we will miss your culinary point of view, your sense of style and panache, and your amazing smile. Your college experience is ahead of you and we know you will apply that very same positive attitude, tireless work ethic, and your sense of humor to all that life places in front of you.
