"The one thing that constantly impresses me about the students at East is the depth of their talent and the diversity of their knowledge. I have had meaningful conversations with young minds over eclectic topics like the significance of anthropomorphism in Mesoamerican art motifs or on the molecular structure of Kraft Fluf. I often wonder what the Aztecs would have been able to do with both chocolate and a tasty marshmallow drink topping. Touche, Spanish!" - Timothy Locke

Dear Members of the Class of 2013,

As you leave East, please know that we wish you well in the challenges you face. It is our hope that our faculty and our community have helped all of our seniors to chart a course in their studies, and that all members of the class cherish the value of the East education which they have received.

In the years ahead, it is our hope that members of the Class of 2013 recognize our efforts to teach our students well and to support their efforts within the classroom, in athletics, and extracurricular activities. As students move to their new schools and to the workplace, may they do so confident that they come from a high school which offers a rigorous curriculum, celebrates diversity, and challenges the students to excel. It is our hope that the graduates of the Class of 2013 will continue the rich tradition of excellence fostered here at East. May the Class of 2013 recognize the spirit nurtured here at East and hold secure our motto: Live to Learn; Learn to Live.

Best of all in the years ahead: may your lives be filled with purposeful works, loving families, good friends, and fond memories of Cherry Hill East.

Sincerely,

John O'Breza
Principal
Dear Class of 2013:

As I write this note to you, I can’t believe that you are graduating. How quickly your four years at East have passed. I remember meeting you at the Eighth Grade Open House evening and, again, at Freshmen Orientation. You were so excited about entering high school. The first few days of freshmen year were confusing—finding your way around the building and realizing that there was no third floor B-wing or swimming pool. I remember visiting your health classes the first few weeks of school. Together we explored the differences between high school and middle school and set goals for our four years together.

Each year I have visited your health or PE classes (Thank you, teachers!) and revisited our goals with you. I have enjoyed watching you mature not only as individuals but also as a Class. Your goals have expanded and your opinions and views have deepened. Your empathy for others and sense of personal commitment have broadened and as I say goodbye to you—I want you to know that I will miss you as will the East community.

From those first days of confusion in C-wing as Freshmen to the confusion the first days of Senior Year in C-wing due to the new schedule (Yes, you did survive the change and quickly “mastered” the rotating class schedule.); I have been struck by your class’s growing cohesion, accomplishments and spirit. Your class brought “home” two victories at Powder Puff, a feat not often repeated in the annals of East, an awesome Spirit Week victory, with our Criminology dance showcasing the class’s involvement, enthusiasm and talent, and numerous sports awards and championships. Your participation and leadership in the Arts and Clubs at East has been outstanding. Your academic accomplishments are truly noteworthy and will stand by themselves in the history of East.

You have made East a stronger community. You understood early in your high school career that participation, leadership, empathy and achievement help to make all of us better human beings. I will miss you deeply and wish for each of you—success and happiness.

Love,

Betsi McLeester

Andrew Adler
Upon leaving East, I plan on graduating from college. I also plan on releasing my debut rap album once the record label comes through. And last but definitely not least, I plan on continuing to play wonderful board games, namely Jumanji, with my best friends.

Kyle Bigley
Money, fame, and titles are nice, but I plan on aiming for happiness and serving others since they alone render human existence meaningful.

Sarah Kim
To find a cure for all high school evils— procrastination, senioritis, and more.

Derrick Lin
I am going to the Cornell University's School of Engineering next year, though I have not yet decided my major. After that, I may decide to pursue graduate studies, or I may immediately find a job as an engineer. In terms of hobbies, I will continue to write stories (primarily novels), in hopes of being published, and continue with music, playing viola and singing.

Jonathan Minion
Never expect; learn to adapt!

Ajay Nadig
I plan on making a plan, then doing something else.
Sung Min Oh
There are so many moons in this solar system. I want to shoot for them all.

Saanya Sethi
After my undergraduate degree in Finance, I hope to work for a few years before eventually getting my MBA in Finance. One day, I hope to be a CEO of a company and help implement a social responsibility campaign to increase business education in developing countries.

Angela Sun
Beyond the pursuit of success in my career, I hope to cherish each moment: to truly live, love, laugh, and smile.

Michael Tzeng
From pharmacy to entrepreneurship and now to medicine, my career goals have changed rapidly these past years. My plans have altered a countless number of time and, without a doubt, will continue to do so as long as I live. But one goal of mine will always remain the same: I never let a plan be set in stone.

Monica Wei
My main plan is to keep my plans open. There's nothing like an open mind.

Susanna Yu
To enjoy my life to the fullest without any regrets. I aim, with my career and everyday actions, to serve the people I love and the causes I believe in. Using my knowledge and resources to better the world around me gives me a purpose in life that I hope to fulfill to the best of my ability.
"I think that athletics is an important part of the culture here at East. Being on a team helps teach one about time-management, working with others to achieve a common goal, and according to research, helps with cognitive functioning. The school, as a whole, benefits from the success of our programs and leads to increased school spirit. While you may not remember a particular class, test, or paper, you will remember special games, friendships formed, team-bonding, and athletic achievements; these will be among the things you remember fondly about high school." - Dr. John Burns, Director of Athletics
