Cherry Hill East is a multi-faceted world filled with many different people and an inexhaustible wealth of activity. East resembles a puzzle with pieces of all shapes, sizes, and colors. In fact there are so many pieces no one could possibly know them all. As you leaf through these pages, you may choose a number of pieces from this random scattering to form a unique, well-fitting puzzle of your own.
The activities at East are as varied as the assortment of colors found there. Music, drama, and sports present some new puzzle pieces. As they march in a parade, run across a football field, or cheer on their friends, Cougars are expressing themselves, and their expressions are as wide ranging as the people themselves.
East is not all extra-curricular activities. Classes and in-school activities are as colorful and diverse as those that occur after school. These pieces too, can form an integral part of your puzzle.
There is room for any piece in this puzzle; no matter how unusual the shape. These people are puzzles in themselves. They pursue their own interests in ways which sometimes strike the rest of us as "different."
In every corner, wherever you look, East is filled with interesting people and activities. All of these pieces have a place in the puzzle. It doesn’t really matter what you want to do, look hard enough and you’ll find others who want to do it too.
Our puzzle is complex — composed of an infinite number of pieces. Despite the diversity in shape, size, color, and style, the pieces fit together to create a composite of Cherry Hill East.

STUDENT LIFE
To Everyone
They’re Different . . .
Memories
To Form
The officers and numerous other individuals that comprise Student Council have finally found the spirit which lies within our school. All of us at East realize that, for a school of over three thousand people, many problems do exist. The members of this very special group have endeavored to solve these problems. Through spirit contests, movies, dances and the help of Mr. Lyons, we have overcome many of our problems, improved spirit and communication and made East - "A better place to live." We hope that every member of Student Council is aware of how much we appreciate their work and leadership.

It is a pattern that never varies. The sophomoric English classes, after tackling such literary classics as The Six Wunny Wunny's Search For the Giant Rutabaga, move on to more advanced works such as Oedipus the King by Sophocles. As a service to the Class of '79, I am providing the following synopsis of the plot.

First of all, it has been suggested that Oedipus was divinely related to God. Homer believes that God was either Oedipus' father or a second cousin removed, depending on whether he got his divorce before or after Oedipus was born.

When Oedipus was born, his father learned from an oracle that one day Oedipus would kill him, so he had Oedipus hung upside down from a tree. A peasant came along and rescued Oedipus, but not being too bright, forgot to catch him when he cut the rope. Oedipus' head was driven into his shoulders, and hence the name Oedipus, which means swollen foot.

Many years later, when Oedipus had grown up, he met a man on the road who made fun of his neck, saying such things as, "You have to unbutton your collar to blow your nose." Oedipus promptly killed the man, not realizing that the old man was his father, even when the dying man gasped, "You left home and didn't even bother to write!"

As Oedipus continued his journey, he met the Sphinx, which had the head of a lion and the body of a lion, but not the same name. The Sphinx asked each passerby if he had a dune, but because of its speech impediment, most people answered, "Yes, half-past three." This pleased it immensely, and quickly turned the Sphinx into a minnow.

Johnson's O. was slightly deaf. Gratefully, it bought some fried clams and all its victims, never again. The people at Exit 2, Thebes and Other Shore Resorts, were so appreciative of Oedipus that they let him marry the queen, who, unknown to Oedipus, was really his mother. But as soon as Oedipus became king, a thousand plagues descended upon Thebes. Spot shortages of toilet paper were the daily woe.

"Men"

the public bath houses. And considering that he had been quite for the first time, some of them.

Finally, O. the oracle determine thousand tap or a

ppscmly. This group of buildings exists to this very day, and is known as the Oedipus complex.

Oedipus the King remains one of the most read works of literature, despite ranking below How to File Insurance Claims Against Over-Armed Earthworms on The New York Times best seller list. But it is important to remember that different translations will not be identical. When Helmholtz Velleton, the translator of this version, was asked how difficult it was to translate the Greek into English, he replied, "Greek? But I thought it was French!"

Focus on: Lyons

by Wendy Alpern

Cherry Hill East has been changing for the better. The year started off with a dynamic pep rally and a week of activities which made school spirit run high. With the creation of the assembly weeks, the senior of the month for the first time in seven years our community is receiving favorable publicity.

(Continued on next page)
It all began on October 11, 1976, Columbus Day. Seniors at Cherry Hill East had just completed the initial month of their final year of high school, a very successful month at East.

School spirit was at an all-time high. Spirit Week brought with it a terrific enthusiasm like none ever displayed here and the Cougar football team was enjoying their finest season ever. The soccer team had broken out of an early season slump and appeared on the road to the state playoffs again and the cast of this year’s fall production, GODSPELL, was diligently preparing for their December opening. All of the negativism that Cherry Hill East had projected been OK...” said a senior at the lunch table.

It seems that the teachers also felt the effects of the long lay-off. One English teacher said, “I thought that my kids would be raring to go when we got back, but I guess the subsequent off-days just made them more lazy.”

Schedules were not only hurt in the classroom, but in the extra-curricular spectrum as well. Probably most hurt by the lengthy school closings were two athletic teams, football and soccer. The football Cougars needed desperately to compete and win against Woodrow Wilson in a game scheduled to be played on October 23, but the strike just lasted too long and the game had to be postponed, knocking Coach Wood’s team out of the state playoffs.

All that the soccer team had to do was finish with above a .500 percentage record to qualify for the state playoffs. They, too, were forced to postpone and finished just one game under the mark.

WHADDYA MEAN,
I GOTTA DO IT
OVER AGAIN!?
It is hard to describe the trials and tribulations that we encountered in producing EIDOLON '77. In September, we met a new advisor, then there was a staff "shakeup", a teacher's strike, the resignation of two advisors and of course - no pictures. Despite the setbacks, the EIDOLON staff has endeavored to create a yearbook which represents the multi-colored world of East. This book is our view of this world - to the teachers, underclassmen and especially the Seniors - we hope that this book will have special meanings for all of you as it has for each of us.

Tennis demands constant concentration, stamina, grace. Forehand rush across the court, straining with style, backhand come to net quickly, sleekly stretch, lunge, with your eye on the ball, your mind on the game. Volley putaway! But never let down. Keep up your struggle, your concentration in points to come.

Soccer is a rapidly paced game in which all team members must possess a keen understanding of logic and strategy. In addition, each must be in top physical condition and be truly devoted to the sport. This devotion is obvious to anyone who has ever attended one of the team’s foot-soak, held at Coach Heisman’s house, after each game.

VARSITY SPORTS
Field Hockey is a sport that involves hours of practice on the basic skills. Good coaching this year and an abundance of talent aided the team in reaching states level. But, not without a few minor disappointments along the way. All in all it was a good year.
Just Hanging Around With Gymnastics

Gymnastics is a total body sport. All participants must be in top physical and mental condition. Timing and concentration are essential to a good performance. With the immensity of East's student body, the competition is greatly increased. Only the very best of students are picked. East has a fairly young team, which will guarantee Cougar gymnasts excelling in the future.

Grappling all the way, East wrestlers have strained every muscle, locked every head, and pinned any opponent on their way to the top. Mr. Semar has trained the team to the peak of conditioning and instilled in them an indistinguishable desire to win.

Track demands many hours of extremely strenuous practice. The good runner learns to breathe correctly, pace himself, and most important, have a perfect fluidity of motion and movements.
Although few references are made to golf, East's team spends many hours practicing and competing to make it a top-notch team. After it's 9-2-3 season, our golf team will hopefully gain greater recognition in the future than it has received in the past.

EAST
77
The class of '77 has had quite a glorious history - good, bad and unimportant - unimportant? ... Well, we were the first class to sleep until 9:00 but stay until 4:00 ... The wake of Watergate ... The disappearance of Patty Hearst ... Energy Crisis #1 - gas prices went from 29¢ to 59¢ ... Then came the mighty Sophomores - the year we started leaving our mark on Cherry Hill East ... The year our Cougar band hit Bermuda ... The year vending machines hit the cafeterias (courtesy of the class of '77) ... The year we laughed at those funny Frosh ... On the Waterfront ... Julius Caesar ... Oedipus Rex ... and of course - fetal pigs ... Swallowed by JAWS ...

Junior year confronted us with fierce administrative changes ... no more main office ... harsh discipline codes ... Mad terrors on the road ... "Watch out Mom, I'm driving now" ... The world brought us our first unelected President coming under fire (in more ways that one) ... And don't forget the SAT's (how could we?) ... Our Flyers lost their two year reign over Lord Stanley's Cup & the Big Red Machine won the World Series ... And of course the Prom ... These years really have been precious and few.
Finally we made it to the top ... SENIORS ... We opened the year by leading the school in a massive SPIRIT Drive ... We won the Spirit contest (naturally) ... September also brought us our own place - the Senior lounge ... Things were going well and then life was shattered by an 8-day teacher's strike ... Everything backed up ... mass confusion ... We finally got back on the track (having lost our playoff birth) ... To be victors in the first NIGHT football game ... We continued our drive for unity at East ... holding a massive class holiday party ... Then we were belted by winter - real winter - SNOW, CCOOLLDD, Ice & what else? ... (NO GAS) ... Energy Crisis No. 2 ... Our new peanut President told us to turn down the heat to - 65° and (we froze) ... We completed the sweep of homecoming floats ... 3 out of 3 ... All in all it was a fantastic four years ... Years that will be remembered by us and those we leave behind ... to them we say "good luck" ... to each other we say good-bye and good luck ... and to East we say "THANK HEAVEN FOR SEVENTY-SEVEN!!!!

Congratulations To Our Jr. Miss: Kelly Colangelo

LAST LINES FROM OUR LEADERS . . .

As we all prepare to say good-by to each other we would like to take an opportunity to thank the four people that worked so hard to make this year so possible. To Carl, Kim, Lisa, and Deb we say thanks very much, thanks for the long hours you put in for us. Thanks for all the classes you missed, for all the dates you skipped, for all the mornings you got up before the sun, and for what? FOR US. The class of 77 truely was GREAT, but we wouldn't have done it without you.

So as our officers prepare to go their own way, as the rest of us do, they leave us with these words of wisdom:

To The CLASS WITH THE MOST SPIRIT we the officers of 77 say thanks for the help over the past year and the past four years, too. Without the members of this class we would be nothing, we wouldn't be the class that's won three straight homecoming float contests. We wouldn't be the class that finally brought the good things to this school, things like vending machines and the Senior lounge and or the in school parties. All things which we started and we hope live and flourish in the year to come here at East. We also thank Mr. D'Angelo for his leadership and help. It has been a great four years filled with much fun, excitement, change, and growth. We wish you all much success in all you do and endeavor in the years to come. See you all at the REUNION!!!!

Here are a few Quotes to remember us by . . .

Fire in the lounge .......... what's all the smoke? Steam??
Let's go bananas .... It'll work.
HEY PEOPLE LISTEN UP
Want to buy a T-shirt?! sure you do come on, please??
Craig Senholzi wants your blood!!! . . . oooo look at his arm
A purple Octopus??
You have to be the mermaid .. no you be it . . . Vampires . . . Hemoglobin . . . what's next.

Hey Tolan HOW did you get those signs?
Where is the first lady??
Mr. D'Angelo loves the Latecca sisters!!!
Well in the treasury we have ... Well not TOOOO much??!!
Look there's a puppy in the lounge.
Did Mr. Serfass Really hold Carl's hand?

IT'S BEEN GREAT ...... GOOD LUCK TO YOU ALL ...... ESPECIALLY THIS SCHOOL .... HAVING TO MAKE IT WITHOUT US ...... THEY'LL NEVER DO IT!!!

CLASS WILL OF '77

The Class of '77, regrettfully (???) leaves behind, after four years of insanity:
To the Juniors - the Senior lounge, SAT's, college applications, class trips, the prom and
180 more days of High School. (ha, ha).
To the class of '81 - all the jammed lockers on first floor “B” wing.
To Mr. Lyons - Your very own cheerleaders outfit for next year’s “spirit week”
competition.
To Mr. Branch - crunch time, crunch time, and more crunch time.
To Mr. Knouse - The House of Theta.
To Mr. Pinzur - A book entitled “How to Keep your Brain Cells Happy” by Al Gebrar.
To Miss Patton from her 5th period gym class - two tickets to see the Flyers play some
REAL hockey.
To Mr. Cole - a years supply of used tennis balls.
To Mr. O'Brien - His doctorate, King Lear, and Andy Compaine.
To Mrs. Meister - A gym aid who can decipher your roll book!
To Mr. Opre - A line from “here to there.”
To Mrs. Reed - 10 unidentifiable unknowns and a ventilation system.
To the English Department - 500 copies of “Enriching Your Vocabulary” to be burned.
To Mr. Rafalski - We leave Valerie Spetagang and Mitch Rudman.
To Mr. Nehring - A box of colored chalk and more creepy kids.
To Mr. Brunner - The papers you never graded last year.
To Mr. Simon - A book on how to do impersonations and some Polish holy water.
To Miss Beck - Some stock in “Stellar” enterprises.
To Mr. Adler - “Mark Lang” need we say more?
To Mr. Nec - The left half of the room and the right half of the room.
To Mr. Terranova - All the pains of yearbook and the dream of an August delivery.
To Mr. K. - A Polish poster of Farrah Fawcett Majors
To Mr. Smyth - Victor Starr singing “Swanny”
To the Madame - Unfiled music and a Dirty Choral Room - Choral Aides.

Patty Toman leaves her picture in the “Senior Honors” showcase.
Mike Simon leaves his good looks to no one.
Sue Raper leaves East with a lot less spirit.
Dave Leonard leaves East with a full moon and one less trumpet.
Dave Van Buren leaves East for better places.
Randi Stewart leaves his continuous smile and good looks to all the Sophomore girls
who idolize him.
Rick Santarone and Eric Bonifield leave field hockey to the girls.
The Senior football players leave their names on the trash cans in Caf. I
Rocco Santaguida leaves the number “20” to coach Valore.
Mike Schwarzschild leaves the twinkle in his eye to - “Wouldn’t we all like to know
who”?
Sue Shue leaves East with over a thousand points.
Mike Margolit leaves his spelling tests to Mrs. Perkins.
Kevin Kendall leaves EIDOLON to whoever wants it.
Carl Pfleger leaves the job to anybody.
Wendy Campagna leaves East with one less actress.
Winnie Sauer leaves his “Athlete-of-the-month” award in EAST SIDE
The Bear leaves his bathing suit to Mr. Lyons.
Rich Marks leaves his teachers with much relief.
Dave Phillips leaves EIDOLON and all of its problems locked up in the yearbook room.
Brad Pomeroi leaves his rock to Mr. Wittig and the cross country team.
All of us leave East for colleges and for futures with many friendships and many
memories.

Frosh Candids

Freshmen: the unknowns of today and the stars of tomorrow. One must admire the courage and perseverance of the freshman athlete. No other high school athlete must face his toils and traumas. He works with all the determination of a new born moose, but for the most part receives the recognition of a beached fish. Striving to tackle challenges entirely alien to him, the talented young athlete must somehow accept the obscurity which surrounds his tireless efforts. If he can be satisfied with participation as its own reward, the meaning of his activity will be greatly enhanced. Accepting defeat becomes his major victory no matter what his competitive record may be. Like the young saplings who survive the storm by bending with the wind, the freshmen athletes bounce back repeatedly to grow both mentally and physically. This learning process develops him into a superior athlete. Although there are some who emerge as stars even before the development period is complete, even these few can benefit much this experience. Thus, freshmen athletics is rewarding to all of its participants as it enables each to them to begin the long road from unsung hero to lordly moose.

FRESHMEN
TO THE MEMBERS OF THE CLASS OF 1977:

My most sincere congratulations to you on the occasion of your graduation from Cherry Hill High School East. The 1976-77 school year has been a unique one that will be remembered for the many improvements at Cherry Hill High School East.

The members of the Class of 1977 have been responsible for bringing to Cherry Hill High School East a new spirit and a positive attitude which has enriched our school immeasurably. Despite many difficult obstacles, the Class of 1977 has set a high standard of leadership worthy of emulation by all future classes.

May you always remember the contribution you have made to our high school, and may you continue to apply the same spirit and attitude to all your future endeavors. If you do, you just may enrich our society as much as you have enriched our high school.

With fondest regards,

Bernard D. Shapiro

Art takes that which we perceive and makes it an expression of our self. Pottery, Drawing, Painting all require creativity and at least some talent. The many students who pursue this field must use their hands to create what their minds comprehend. The teachers of this department have an even harder job, luckily their talent is self evident.

Biology

Lead by Mr. Vranich the Biology Department demonstrates the existence of life, its function and purpose. If its looking at a single cell through a microscope or dissecting a fetal pig the student learns a little more about himself and the life that surrounds him. Biology is one of the most difficult yet tantalizing subjects that East has to offer.
Training students in business skills is what East's Business education department is all about. With Mrs. Dorothy Cooper leading the department, it increases skills used by students continuing in school or ones pursuing a business career. If pursuing a business career. If it’s typing, shorthand, or general business every student can profit from knowledge imparted to them by their Business Ed teacher.
With 30 members spanning a wide variety of educational background and interests, the English department at East is bound to offer "something for everyone". And yet, in spite of the department's diversity, it still strives to meet goals common to all its members: improving the writing, improving the speaking, improving the thinking of every student at East.

Chaired by Edward Dwyer, the English department offers traditional year-long courses, as well as semester elective courses in specialized areas.

Foreign Language

FOREIGN LANGUAGES are flourishing at Cherry Hill East! In this department, guided by Dr. Renee Rollin, "Nous parlons français, hablamos Español, Wir sprechen Deutsch, parliamo italiano, dicimus Latinum — all in the interest of furthering social and cultural understanding.

The Physical Science Department at East includes both Chemistry and Earth Science. These two categories in particular occupy every facet of the planet Earth. From the inclines of mountains to the $\text{H}_2\text{O}$ that we drink. Physical reality, from the smallest sub-atomic particles to the largest galaxies is forever taught in this department. These teachers help us to better understand our complex world.

The infinite variety of mathematical endeavor is reflected in the many courses offered by our department. Guided by Mr. Alderfer, the multi-faceted group shows a great deal of *esprit de corps*; this is translated into the professionalism and enthusiasm each teacher brings to his or her class. Whether the topic is vector analysis, factoring, or income tax, we strive to give each student a foundation of proficiency upon which to build.

Reflecting the democratic pluralism of our society, the Social Studies department by its diversity, example, and instructional strategies, seek to reinforce the nation's principles in this historic inauguration year. The participating citizenry of a democracy in our complex world requires a synthesis of knowledge, communication skills, and analytical abilities in order to perpetuate the dream of our Founding Fathers. To this aim we endeavor.

Physical

Girls in the weight room ... Boys in the dance gym ... What has happened to good ol' gym class?

It's called co-educational physical education. Chaired by Mr. Oliver and Ms. Patton, gym took on a new look this year. While the football players learn to dance, the cheerleaders build up their biceps and triceps. It all seems to be working and even some of the students seem to have gotten used to it ... some may even like it.
Industrial Arts

This department, composed entirely of men (where's women's lib?), includes such fields as Electronics, Drafting, Cosmetology, Auto Mechanics and Computer Technology. This Industrial Vocations Department is a hierarchy which takes the primitive student and trains him, (not only in the morse code you here when passing the electronics room), the privilege of having such a department gives the many students who will pursue an industrial field an introduction and insight into its complexity.
