"Shrew"

Mounted on an Elizabethan thrust stage and augmented by the authentic sound of the Madrigal singers, Shakespeare's "Taming of the Shrew" provided Cherry Hill with a moving and truly festive theatrical experience.

Individual and ensemble performances were non-pareil. All three evenings ended with standing ovations - the best possible reward for the dedication and unstinting labors of cast and crew.
Spirit Week

The week of September 26, 1977 was very special at East. It was Spirit Week. Crepe paper, paint, banners, and even a "swinging" cougar decorated the halls; all symbols for the atmosphere of camaraderie which pervaded the entire school. Although the paint lasted only several weeks, the rejuvenation of school pride has led to a permanently stronger and livelier East.
Chuck Barris move over! This Fall, the Senior Class came up with East’s own lackluster version of “The Gong Show.” Bored by student and faculty acts ranging from The Schmeels to The Grammarettes, the audience and judges slept through the final tie-breaking moments in which Sven and Sven crawled to victory. An embarrassing time was had by all.
Homecoming

Joyful reunions ... warm memories ... cold hands and noses. These were the hallmarks of a successful and exciting Homecoming. The float competition was captured by the Class of '78's rendition of "Star Wars."

Meanwhile, the football team was engaged in a war of its own, defeating Pennsauken in a tense, see-saw game, the outcome of which lifted East to the top of its division.

Freaks & Jocks

War broke out yesterday between the Freaks and the Jocks minutes before homeroom was scheduled to begin.

The incident erupted when a Jock overstepped his boundaries by wandering into the C-Wing bathroom. The 'Head' Freak, Levi Bluecoat said, "The big Jock knew better than to come into Freak territory." Some Freaks were angered for other reasons. Reports indicate that the Jock entered the bathroom with intentions to smoke pot. Just as Jock law prohibits Freaks from playing sports, Freak law states that no Jock shall get high while in school.

The Jock, Mike Wellbuilt, denied the reports saying, "I was not about to smoke a joint five hours prior to the game. I merely walked into the bathroom to relieve myself of jock itch."

Fighting became bitter at times. Jocks, armed with footballs and basketballs, shattered windows, cracked lightbulbs, and spattered faces. The Freaks burned Jocks with their joints, transmitted hepatitis with needles, and asphyxiated some Jocks from smoke inhalation.

School administrators and 'high' government officials were called to the scene. All students involved were sentenced with a detention since they were late to homeroom.

Express Yourself!

by Jon von Zelowitz

For your convenience...
A handy tear-out list of Mr. Cost's favorite expressions.

---

tear — rip — mangle

"DEECE" - very general expression. Denotes pleasure with, or approval of, the object in question. Ex.: "What deece herb!"

"SUPREME" - even better than deece; thus reserved for things more deece than deece. Do not confuse with "Supremes", a has-been singing group. Ex.: "Frank Sinatra is supreme."

"BEAT" - opposite of deece. Something about the object in question goes against the grain of Mr. Cost. Ex.: "Iron Butterfly is beat."

"HERDS" - used in description of large quantity. Often used in combination with deece. Ex.: "There are herds of cattle in the West." "Zeppelin is deece herds."

"BLARE" - 1. To turn up. Ex.: "The radio was blaring." 2. To turn on. Ex.: "Mark was blaring."

"BEAT TO THE MAX" - Ask Max.

“Mystery” Swimmers Strike Once More

The mystery team of Cherry Hill East is on the move again. Yes, the mystery team. You may have seen them, lurking near the student entrance, boarding a bus, or, if you happen to stay late, wandering the empty halls with wet hair. Yes, you’ve guessed their identity; they’re our own girls’ New Jersey State Championship swim team.

But being the mystery team of the school doesn’t stop the girls from winning, or halt their drive to the top. Their record in divisional play this year is just as good as last year’s (4-0); and their overall record only has one blemish thus far (6-1), coming at the hands of a surprisingly strong Toms River South team on the day we came back from vacation.

Despite the loss, many of the team members did their best times, and coach Mrs. Rostbar was pleased with the overall performance of the team.

The biggest challenge to their divisional reign so far has come from Vineland, a new team in the division. But despite Vineland’s being very “up” for the meet, the Cougars beat them convincingly, 99-70. Vineland was only allowed to win two events, both by their freshman sensation, Lisa Iori. First-place points for East were delivered by Kathy Cherpinsky, Sue Rybak, Kathy Souchanachak, Cindy Beier, Lori Pike, Joan Buehler and Leigh Primavera in diving. Other fine performances were given by Sue Ball, Ellen Julian, Mary Beth Holder and Regina Jacobsen in diving.
Candids, copy, layout, deadlines ... words that compose the everyday vocabulary of the Eidolon staff. New advisors, many new staff members—everyone has worked together to produce a yearbook which is a reflection of the world here at East. Eidolon '78 is a mirror for everyone—faculty, students and administration. Leaf through the pages and each of you will recall activities and events which are the images you carry with you of Cherry Hill East.

The Cougar Marching Band along with the band front, composed of the Color Guard and Cougarettes, has been awarded a number of important honors. Summer of '77 meant overseas travel. Another honor given to the band group was the title "Honor Band" in the Miss America Parade this year in Atlantic City. The band performs on a regular basis during the football season. There was a half-time show at all home games. The group also was asked to perform at a Philadelphia '76ers game. The Cougar band has accomplished great things . . . . keep it up!!

A Special Dedication To...

We have many fond memories of Gail. Her cares were few and simple and she was always appreciative of what she had. Time has slipped by too swiftly, but we are grateful for the moments we shared with such a friend.

The Senior Hall of Fame is our lobby showcase, created to honor the most outstanding contributors to the quality of life at East. Chosen without consideration of academic standing, students generally represent commitment in areas of music, sports, art, publications, drama, band and service groups. They are recommended by the faculty, their nominations are processed by Mr. Lyons.

This honor is one small way of saying thanks to seniors who have been special in all our co-curricular programs.

E. An out of this world kick. (Gorziaski & Hansen)

This year the cougars, coached by Bo Wood, turned out a very good football team. Kurt Barbara, a versatile Q.B., led a strong offensive attack supported by the offensive line. In the backfield, Tony Stavola was the major running threat, while Craig Raymond put in an outstanding season of pass receiving. The defense performed well with the help of Mike Gorzinski on the line and, controlling the middle, much improved Jeff Leonard.

It was an exciting season capped by several last second, come-from-behind victories.

Coach Heisman's philosophy of the three C's has brought great success to East's soccer team. Communication, Containment, and Control are the three main points to which every individual on the team must adhere. Most importantly, the individual skills of the players must be blended together in their effort to achieve success. This year, as in the past, the team has strived and worked together to come up with another winning season.

Boys gymnastics is one of the least recognized sports in the school. With its formidable routines, it is very demanding.

This year, East sent two boys, Jim Jones and Tony Bruno — both of whom will be back next year — to sectionals. Another standout was co-captain Matt Leveque. In addition to his outstanding talent as a gymnast he was a fine leader, encouraging all the younger members of the team during meets and throughout the year. Senior Greg Tyrell deserves special mention. Even though this was his first year he showed natural talent, constantly working hard to improve his skills.

With plans to continue workouts through the spring and summer Coach Franks is optimistic about the team's chances for success next year.

Tennis...........a group of twelve talented individuals........different yet, in many ways, alike........always trying to improve on form, style, grace, poise, playing out each point as if it could determine the match.

Each match was approached with the hope of success, yet every player had to show good sportsmanship throughout the season by experiencing a loss and taking it in stride........Twelve girls bringing out the best in each other. Individual effort is important; the importance of a team effort prevails.

When Executed correctly the moves show much beauty, grace and ease. But behind this facade are hours of frustration and strenuous work. Still, there is room for achievement and excitement for each girl who must develop her own routine. The routine is practiced continually until coach Schooley and the gymnast, herself, feel it is perfect enough to satisfy the judges. The team has 5 girls going to the sectionals this year: Laura Ulrich, Mindy Dudnick, Wendy Welsh, Amy Carr, and Carolyn Corbi.

When the last autumn leaf has fallen and the sky turns a seemingly eternal gray, most of us tend to begin our own versions of hibernation. Most of us, that is, except the Winter Track Team.

It is then that these dauntless athletes don their outfits and set out on their heroic trek. Straining every fiber of their tortured bodies, pushing themselves beyond the limits of endurance, seeking the elusive gasp of relief-giving air — this is the plight and the glory of the Runner.
Our wrestling teams had a great year. Coach John Semar's varsity, led by senior captains John Hamrick and Mike Krohn, won the South Jersey Conference Championship.

Coach Don Kohlhaas' J.V. team won 13 matches, lost one and placed second in the highly competitive Paulsboro J.V. Tournament.

The freshman wrestlers, coached by Lou Frank, were undefeated in 14 matches and won the East Freshman Tournament.

We have nothing but high hopes for a great future.

Perennial State champs, the aqua-cougars easily splashed through another South Jersey league championship. Captains Fred Schultz, Jeff Hunter and Pete Motzenbecker helped keep the teams notorious antics in full swing. Bobby Leyer gave the squad a scare with his sprained ankle two weeks before states, and John Ackright in the 500 freestyle proved once again that work pays off! Junior Romeo Evan Rayner was strong in the short distances and sophomore Steve Goldhirsh and Jim McGlone enjoyed a banner year.

New Coach Kosloff and “old” Coach Wood were hard at work on the pool deck this year, while former Coach Lyons sat in the stands tickling his daughter.

Last year East won Rutgers' South Jersey Tournament. This year East was undefeated in League play, outstanding its opponents 103-24. Goallies Don Bock and Lou Mittleman combined for a "goals against" average of 2.40, lowest in the league. East scoring punch was provided by the lines of Zuckerman, Woods, and Denkin; Conrad, Kay, and Gorenstein; Weinstein, Kohler, and Goldenberg; and Palmer, Susskind, and Monshaw. East's tough defense included the pairings of Phelps and Margraf; Turco and Walz; and Storholm and Miles.

In The Fields Of Elysium

When rough winds are no longer shaking the darling buds of May, what better fancy for our attention than the line-up of track and field activities?

The crack of wood on leather, the thrill of a well executed double play, the suddenness of a line drive, the fury of an all-out slide.

Our pastime is as national as ever. Watching our stalwart team members preparing — during the lion-like wilds of March — for their season, we could not help but realize that, though Winter was still here, Spring could not be far behind.
Too many cooks may spoil the broth, but this is one situation in which that extra person is the piece de resistance.

Softball is the true American Sport. Everyone can play—and we’re sure nearly everyone has. To some it may still be Baseball’s “poor relation.” The truth is that it continues to offer a truely democratic athletic opportunity for all of us.

Good Luck, Seniors!

TO THE MEMBERS OF THE CLASS OF 1978:

Congratulations on your graduation from Cherry Hill High School East. It is my most sincere wish that your high school education will have adequately prepared you for the challenges you will meet in the future.

Your four years at Cherry Hill High School East have been exciting ones, and you have contributed to your high school in many ways. Your exploits both inside the classroom and outside the classroom have enhanced the traditions of Cherry Hill High School East considerably.

May you continue to leave behind you a tradition of excellence and pride similar to that of your past four years.

On behalf of all of your teachers, counselors, and administrators, I wish you the very best that life has to offer.

Sincerely,

Bernard D. Shapiro

There is more to academic life at East than reading and writing. In its efforts to prepare students for the "real" world, the Business Department has developed two special programs: Distributive Education and Cooperative Office Education. Such courses as Typing, Bookkeeping, and Note-hand give students important vocational and personal skills.

The Arts are alive and well and living in East's Fine Arts department. This year many new elective courses are being offered, rounding out the department's programs in Music, Drama, Art, and Home Economics. Yes, the Arts are definitely alive at East.

Arts
Industrial-Arts

The Industrial Arts Department is one of the most diversified departments at East. There are always plenty of activities to be found in F Wing, everything from mechanical drafting to auto mechanics.
Biology

The Biology Department offers a wide variety of exciting programs. Fifteen semester courses are offered at three levels for those students interested in theoretical experimentation as well as practical application in a vocation. Some courses are designed for those students interested in medical careers. Others emphasize the understanding and use of the environment for the development of leisure time activities and vocational interests. There is something for every student.
Whether you want to be a physicist, a chemist, or just want to discover what an igneous rock is, the Physical Science department has everything. They are prepared to teach you everything you always wanted to know about Meteorology, the Atwood Machine, single Replacement Reactions ...
Sciences
As Americans, our native language is English and as such, it is the single most important subject taught at East. Chaired by Mr. Edward Dwyer, the thirty-three members of the English department all recognize the importance of the English language and accept the awesome responsibility of teaching it well.
English
Foreign
Language

Sprechen Sie Deutsch? ¿Habla Español? Parlezvous Français? A variety of languages is offered for study. As we enter the broad and complicated world, one of the tools with which we can bridge the gap between ourselves and our neighbors will have been forged here at East. Shalom!

Reading

If it's true that increased knowledge of the world around us can be attained through reading, students in the reading department might just be among the first of us to truly understand our environment. Through causes involving such skills as advanced comprehension and speed reading, students are learning to read faster and, much more importantly, with greater efficiency.
Mathematics is both an art and a science. At times, as in a proof in Geometry, the utmost creativity is required. In other situations, such as solving a cubic equation, the laws of Algebra must be applied rigorously. The East Math Department endeavors to show all the facets of this discipline to its students.
Mathematics
The Social Studies Department believes it is the educator's responsibility to offer students the opportunity to learn about our society and its institutions, while it is the student's responsibility to use that knowledge as a contributing citizen. The students should be provided with experiences that offer an exposure to current issues and an overview of significant events in American history and culture. The overall goal is to expose the students to a variety of concepts which will assist them in clarifying their own values.

Now in our second year of "The Great Experiment", the words of the old song ("...boys and girls together...") no longer summon up uncommon images. Volleyball, jogging, popular dance? Well, okay. But wrestling, weight lifting, floor hockey?! Well...okay. At least we can be sure of one thing: here at East, the Real is coming ever closer to the Ideal.

DEVELOPMENT OF INDEPENDENCE

CONGRESS, JULY 4, 1776.

The unanimous Declaration of the States of America.

When in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness. That to secure these rights, governments are instituted among Men, deriving their just powers from the consent of the governed. That whenever any Form of Government becomes destructive of these ends, it is the right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed.

We therefore declare, that these United Colonies are, and of Right ought to be Free and Independent States; that they are absolved from all allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independence States may of right do. For us and our posterity the truth shall be spoken.

In testimony whereof, We, these United States, in General Congress, assembled, do by these presents, publish and authenticate the foregoing Declaration of Independence.

We, therefore, the Representatives of the United States of America, in Congress assembled, do appeal to the World for a judgement in such case.

We, therefore, the Representatives of the United States of America, in Congress assembled, do by these presents, publish and authenticate the foregoing Declaration of Independence.

In witness whereof, We have signed with our Hands.

We, therefore, the Representatives of the United States of America, in Congress assembled, do by these presents, publish and authenticate the foregoing Declaration of Independence.

In witness whereof, We have signed with our Hands.

We, therefore, the Representatives of the United States of America, in Congress assembled, do by these presents, publish and authenticate the foregoing Declaration of Independence.

In witness whereof, We have signed with our Hands.

We, therefore, the Representatives of the United States of America, in Congress assembled, do by these presents, publish and authenticate the foregoing Declaration of Independence.

In witness whereof, We have signed with our Hands.

High School years are the looking glass through which we pass—from adolescence to young adulthood, from innocence to experience, from awe to achievement.
As our final days here approach, as we prepare to assume our places in society, we look at the new generation of students and see reflected in them our former selves.
Like an infinity of mirrors, our image will spread, fan-like, into the world of our parents — a world soon to be ours.
