We will always remember
Mr. Jim Chesbro

"My father never sought attention for his own artistic knowledge and brilliance; rather, he spent his days in A 10 trying to teach it."

-Jamie M. Chesbro

Growing up, I remember watching my father come home from West. He and his full briefcase would walk through the door with an amused look of bemusement.

"Hey Dad, what's up?"
Waving his hand as though he were swatting flies of frustration he would say, "Aw son, you don't want to know." Then he would swat the fly again. He was frustrated with a chronically broken printer, a leaky ceiling, and a troublemaker, but he usually beat the janitors to school in the morning. The truth is my father loved teaching and after a few minutes of swatting flies he would describe to me a student who flirted with expulsion. He would tell me about the domestic struggles, outlandish hair, and body piercing. Then with a subtle grin of gratification he would look at me and say, "But he made the damnest project this afternoon in photoshop. The kid really has talent."

a look back
before we
leap

Ryan Scagg has no problem looking back on his four years at West just as long as he doesn’t have to pose for anymore yearbook pictures.

Senior Andrea Herrero looks back and declares that her past four years at West have been most memorable.

Joe Stanzilis and Stephen Beri demonstrate their own version of leaping towards their new future.

how the years change us...
I’ve decided to throw caution to the wind, and at the risk of sounding like a benevolent old grandfather or a cheesy afterschool special, I now present my one line of heartfelt advice:

Do something pretty while you can.

Much luv,
Yianni
Kournadas

I’d do high school all over again ‘cept maybe I’d do more homework. But I don’t regret a second of those four years. So many bad things, so many beautiful things have happened. Laughing at corny teacher’s jokes, soliciting the opinions of my peers. There’s a chance I just might miss all of that.

~Jackie
Walton

I will miss you all. I wish you the best of luck and I hope that none of you end up living in a van down by the river!

~Lew
Gorman

Throughout highschool all our actions and experiences have contributed to who we are. In 20 years we may not remember every detail, of out days at West, but the people we knew and the battles we won will still be affecting our everyday lives.

~Nicole
Portik

Taking the leap.

A look back on all that we have accomplished together as a school.

Twelve, sometimes thirteen and fourteen years ago, our parents led us reluctantly into our first years of school. Each year became tougher, and we never thought we would make it to the next level. Yet, here we are. Everyone has made it through some of the most crucial years of their lives. We have all experienced some of life’s hardest lessons, whether it be a loss of a loved one, or one of the recent encounters with terrorism. No one could prepare us for all the things we have encountered throughout the years, but the point is we have survived and come out on top. As we finish up another year of our lives, we can look back on all that has helped us to grow as individuals and appreciate what we have accomplished. So allow yourself one more look back before you leap into another chapter of your life.

Danielle Schwartz and Laurie Kaplan are all smiles when it comes to looking back on their high school experience.

Alexy Still obviously has no fears about leaping out of West and starting a new life.
Top left: Alex Stith leaps at the idea of graduating this year. Top right: Maureen Murray looks back with happy memories. Bottom: Chris Hutchinson and Ben Saltzburg ponder the meaning of life during study hall. Right: These seniors show their skateboarding skills as they leap from the West stairs.

Top 10 things we’re looking forward to after graduation
1: Freedom
2: Meeting new people.
3: Spending time with old friends.
4: Leaving Cherry Hill.
5: Going to college.
6: Leaving West.
7: Getting married.
8: Starting a career.
9: Getting our own places.
10: Leaving home.

Mike Imbesi almost hits his head on this ceiling as he takes a leap in the cafeteria.

Alanna Blitz and Andrew Maggio look for a way out of their Physics Quiz.

Linh Mac and Samantha Pruna smile and reflect upon their West memories.
What scares you the most about leaping forward into a new chapter of your life?

"Whether I will be able to achieve all of the goals that I have set for myself."
~Kate Wojcik

"Whether I am and will continue to make the right choices for my life and future."
~Mitul Kanzaria

"I am afraid of the uncertainty of leaving my family and friends for my new life at college."

A Look Back Before You Leap

I was recently looking at a yearbook from the 1970's. After scanning the student section, I naturally turned to the principal's page. The thought occured to me: Who read these words? Were they meaningful to that reader? I could not help but feel that every principal must think of his or her message to the graduates as a legacy, a lasting moment in the ever-changing life of a school.

As a permanent memory, this year's Rampant reflects those of you who, during the past four years, have participated in Cherry Hill West's many activities. But it also mirrors those of you who, for varied reasons, chose not to become involved. For everyone, though, its images focus on youth at the dawn of adulthood, reminding us of best friends and of a time when life was just beginning to get complicated. A high school yearbook often seems determined to be the one item surviving life's moves and transitions. In sad times, it wants to remind us of those who have passed on. In happier moments, it seeks to boldly boast about what our world considered fashionable and to proudly present us as we embraced those fashions. Most important, perhaps, a yearbook wants to remind us of who we were before we went forward. Your Rampant, will, I hope, serve these functions for you.

These words are my legacy to you, the class of 2002: Whenever you read my message, please know that I continue to urge you to pause and look at who you were. Always keep what you remember as good; discard the rest. And as you leap forward, may your memories of West provide security. May your yearbook bring you peace. Whenever you re-read my message, know that I am hoping you are still taking care of yourself and of those who share the world with you.

Good luck always!

George

New Administrator Mr. Timothy Carroll

Mr. Carroll is a first year administrator here at West. He began working at West over the summer and is close to completing his first year. Previously Mr. Carroll was a teacher and taught many different grades, including first, second, third and fifth. His move to West has been a big jump for him. Mr. Carroll likes interacting with the students in every grade level, working with the teachers, and having lunch duty sixth period. Mr. Carroll has had many accomplishments this year, including encouraging freshmen to stay after school for extra teacher help, solving everyday problems, and surviving the Senior class trip.

New Administrator Mr. Joseph Coppola

As the Assistant Principal for English and History, Mr. Coppola has made it his goal for the teachers and students to recognize the importance of writing and their accomplishments in writing concerning both areas of study. A twenty year veteran of the Cherry Hill School System, Mr. Coppola came to West four years ago from Carusi after teaching ten years at East. The diverse West community was a draw for Mr. Coppola and he enjoys interacting with the different groups of kids. Another positive experience Mr. Coppola has had here at West has been the variation of teaching styles.

New Administrator Dr. George Franks

Dr. Franks is in his thirteenth year of education. Dr. Franks received his B.A. degree in Biology from Glassboro State College and his M. Ed. and Ed. D. degrees in Educational Administration from Wilmington College. Dr. Franks taught science and math at Saint James High School and Penns Grove High School for nine years prior to becoming an administrator. Prior to his arrival at West, Dr. Franks served as assistant principal at Cherry Hill’s Carusi Middle School for one year and assistant principal at Pitman High School for two years.

New Administrator Mr. Louis Papa

Scheduling is on the agenda for new administrator, Mr. Papa. Besides coaching, teaching, and dealing with disciplinary matters. Mr. Papa has been working on creating a new schedule for the school and a new scheduling procedure for seniors. Mr. Papa is also proud of his twenty-two physics students and the successful completion of revamping the entire West technology department. Mr. Papa’s favorite thing about West is the students and the teaching interaction in the classroom.

The key to surviving freshman year is paying attention in class

The government of the Class of 2005 has always enjoyed working with others at Cherry Hill High School West. In the four years our class has here, we anticipate that our contribution and our impression on our school will be of cooperation among the grades, as well as between students and faculty. We have begun this journey when we worked with the class of 2004 to make our homecoming float. We enjoyed cheering on our school athletes and eating pies on the pep-rallies. We have also been marketing the "WEST IS BEST" buttons to the students, teachers, and family members, and made contribution to the holiday food drive.

Additionally, we look forward to many more pep-rallies, fund raisers, and homecomings. And many more victories for West. We look forward to our Sophomore Cotillion and our Junior Prom. Our confidence is continuously bolstered by achievements like our "Freshman Newsletter" and a Freshman Link on the school website.

We are confident that we can show that Cherry Hill West is best, because of its diligent students, its careful instructors, and its capable administrators. As we go from day to day in this school, our confidence grows still. We are sure that we can cooperate to make a difference, and to prove that West is Best!
Getting a good grade always brings a smile.

Tim Basford and Joe Kilgallon would rather do this than sit in class.

The class of 2004 started the year off by coming together to aid in adopting Stuyvesant High School in New York. The class raised over $580 in the two hours that Back to School Night lasted. The class government continued to work together to complete four class fundraisers before winter break, in addition to completing all plans for the cotillion. The class is looking forward to planning a class trip and working together on more fundraising ideas. Stay informed with the class of 2004 by accessing our link on West's webpage.

The Junior Class Government contains a large group of students that are dedicated to making the Junior Class successful and fun. Advised by Miss Staffin, the Junior Class Government holds fundraisers such as football concession stand, holiday gift-wrapping at the Moorestown Mall, and an annual car wash. Additionally, they have initiated special events like TGIF night, which has been a successful, annual event, for the Junior Class since the freshman year. This event incorporates both a dance and an open gym, providing West students with a fun filled Friday-night activity. The money raised from all of these efforts will be used to support this year’s Junior Prom at Lucien’s Manor in Berlin, NJ, and next year’s Senior Prom, as well as our Senior Class Trip. The members of the Junior Class Government are enjoying their third year of high school and will continue to work hard to make this the best class government ever.

CLUBS
Yearbook began last year with Mr. Chesbro, and ends this year with Mrs. Rickansrud, Mrs. Savidge, and Miss Amoroso as the advisors. No one could have predicted what was to happen in the course of a summer, just as no one could have expected these three women to so willingly accept a job with such an unknown amount of responsibility. As Editor I would like to thank these three women who have become not only advisors to the staff, but our friends. So many changes occurred this year, from the way we made the yearbook, to the type of problems we were faced with, but miraculously enough, we finished the yearbook, and here it is.

JROTC teaches students (our cadets) that it is never too late to be successful. We teach students to reach within themselves and find that they can overcome any obstacle. There is no obligation to enter the military; they are only obligated to themselves. The ultimate goal is to motivate our cadets to be better citizens. Our curriculum presents opportunities to learn self-discipline, self-motivation, respect for authority, teamwork, problem solving and creative thinking, interpersonal and communicative skills, both career and personal development, and the principals of fellowship and leadership. We also cover other areas of teaching good character. We have extra curricular activities such as the military ball, color guard, drill team, and physical fitness teams. Basically, JROTC is a leadership training program with a curriculum that fosters development of attributes that will make anyone more competitive in any job market.

Cheerleading begins in August, as both the varsity and junior varsity squads work hard to prepare for an extensive camp at Pine Forest Sports Camp in the Poconos. During these four days of camp the girls undergo extensive classes in stunting, cheering, and dancing. Up at 6:30 am each day begins with a hearty breakfast and workout, followed by hours of training.

Each school year they return to West as All-Star Award winners, as well as ribbons and trophies recognizing them as superior squads. Their hard work continues back at school as they continue to work hard to put together their routines. The cheerleaders have the opportunity to cheer both the fall and winter seasons, which enables them to do more difficult and creative cheers, stunts and dances. They are a hard working group of girls, and we are proud to have them represent West.

The antics that go into an actor’s performance at West are absolutely incredible.

Whenever a theatrical event happens, the actors are the ones who usually receive all the credit. However, without the crews (like the makeup crew) the actors would be nothing but washed out faces on stage.

And what would the show amount to without stage crew?! These people never get enough credit for all the hard work and numerous hours they put in.

Our senior class government has completed many important projects over our four years at West. The class advisor, Mr. Owings, has developed and fostered our class's growth and maturation. Julia Vigna, the governor, and Sarah Parisi, have led the government for four years. The government organized many important events, such as the class trip to the Bahamas, the proms, and the adoption of a park. The multiple fundraisers, such as the car washes, the lip-sync competition, and the concessions, have allowed the senior class to participate in many activities. The government, through strong leadership and hard work, have led the class of 2002 to a successful high school career.
