First memory of Teaching at West?:
You never realize how you sometimes touch a student with my passion for teaching anatomy, and then a student gives you a key chain with a cat on it as a remembrance and thanks for being a great teacher. I was touched at the thought.

Fondest memory of teaching at West?:
It was being Class Advisor for the "Class of 97". Those students became a part of my family. I still hear and see some of those students.

Funniest teaching moment at West?:
We were learning about the reproductive system and the birthing video was on the laser disc. Someone opened the rear door between classes and turned on the laser with the video while students passed the door. I was mortified, then laughed later.

Hope for the future of West?:
I hope that all the students that pass the halls at West will remember their four years as being a stepping stone to their future careers. It has been a great ride for me, I hope the future is a great ride for the future students at West.
First memory of teaching at West?:
My first memory was not knowing which room I was supposed to be in for SAT Review.

Fondest memory of teaching West?:
My fondest memory was seeing that many of my students were professionals and willing to take the trip into English 2.

Funniest teaching moment at West?:
My funniest teaching moment was writing on the board. The students didn’t think that it was of the English language.

Hope for the future of West?:
I hope that West continues on its path of excellence but remembers those who helped to create its distinguished past.

Above: Mr. Kovalevich enjoys grading papers
Left: Mr. Kovalevich helps his students prepare for the SAT.
First memory of teaching at West?:
My first memory of West is when I was a student teacher here. Mr. Rogers challenged me to find my way around the building and I got lost.

Fondest memory of teaching at West?:
My fondest memory was seeing the students I student taught graduate.

Funniest teaching moment at West?:
My funniest moment teaching at West was during my 1st year. Some of my students developed some fun and interesting ideas on how to build an empire.

Hope for the future of West?:
I hope West continues to develop along its path of academic excellence.
First memory of teaching at West?: Asking my freshmen World Civ students on the first day of my first year here whether they had found the swimming pool.

Fondest memory of teaching West?: There is not one, but one of the greatest pleasures I have is either enjoying a great discussion in class or watching my students enjoy working hard on an in-class project. Also, I love when my students share good news on Mondays.

Funniest teaching moment at West?: Clean joke Friday is always a good time.

Hope for the future of West?: I hope that West will be a place marked by students growing in their academic ability, contributing to the good of the school, and excelling in personal integrity.
First memory of teaching at West?:
I came to West after teaching many years at another school. My youngest child, my son, was a junior here. During my first few weeks at West, he came to my room a few times a day to check up on me and to make sure I wasn’t lost in the maze of halls.

Fondest memory of teaching at West?:
The teachers at West are excellent. The collegiality we have is special.

Hope for the future of West?:
I know my three children, and my neighbor’s children, have received excellent educations here. I hope West continues to serve the children of Cherry Hill.

Go placidly amid the noise and haste and remember what peace there may be in silence. As far as possible without surrender be on good terms with all persons. Speak your truth quietly and clearly; and listen to others; even the dull and ignorant; they too have their story.

Avoid loud and aggressive persons, they are vexatious to the spirit. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans.

Keep interested in your own career however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism.

Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass.

Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself.

You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should.

Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations, in the noisy confusion of life keep peace with your soul.

With all its sham, drudgery and broken dreams, it is still a beautiful world. Be cheerful. Strive to be happy.
