"I think the best thing about our team was the chemistry. We had some rough patches but we always overcame them and once we realized we were better together you could really see the difference in the way we played."

Sofia Russo
"I am proud of how hard my teammates have worked and how we have been a team on and off the court this year. There is no individual success in volleyball because each point relies on every member of the team to do their part, so I'm happy to be playing with the people I am, and I'm looking forward to the next two years with them."

Michelle Thong
"Finding good players is easy. Getting them to play as a team is another story. I'm so proud of my teammates on and off the court."

A Nightmare on Chapel Ave

Everyone was in the Halloween Spirit, and the costumes were proof

Some goblins, some gnomes, and superheroes galore. The creative side of West students was on full display for Halloween. Even though the holiday was on a Saturday, it didn’t dampen the students’ fervor for celebrating in school.
West Side Pride

Spirit Week was filled with healthy competition between the classes.
"It's been an amazing experience! I'm still shocked that I was voted queen. It's actually mind-blowing. I've gotten so many congratulatory messages over the time being and made many new friends because of it. But, even so I still make sure it doesn't change me as a person, and it humbled me even more. To everyone who thought of me as a Homecoming Queen, I thank you from the bottom of my heart."

PSAT, SAT, ACT and PARCC testing made Junior year one filled with anxious moments. Junior year is one of transitions, like from a role player to a star on the stage, or an ascension to a varsity sports squad. Many Juniors also experienced their first prom, first job, and first day driving with their license. The Class of 2017 is ready to pounce on the future and become legendary members of the West Community.

We are the
Seniors
The year starts to wind down as the Seniors wait anxiously for colleges to respond and for their new lives to start. While they wait, they become the stars on the field, the stage, and in activities. It is also a time for the Class of 2016 to reflect on their past four years here at West and how they have left their mark on the West Community.

"Throughout my years at West I have had the pleasure of meeting many incredible individuals. My peers, coaches, and teachers have been instrumental in shaping the person I am today. West is truly greater than the sum of its parts. It served as a home to an ever-growing community of students who looked to ensure the success of all of their classmates. Through an innate sense of competition, in addition to constant collaboration in the form of many class group chats, we all helped each other achieve our wildest dreams. West has provided me with thousands of little memories but I will never forget the last second victories over East, the caring teachers, and the best friends I could have ever possibly asked for."

Dennis Kim

"One of the greatest lessons I’ve learned at West is to value the small, meaningful moments. Looking back on my past four years, I won’t remember who got the highest score on that one test, or who did the best on that one essay. I’m going to remember those late night phone calls with friends as we attempted to finish our lab reports last minute, encouraging each other to continue on. I’m going to remember the support I received from my classmates, and celebrating together when we finally got an A on a quiz in that difficult class. In the end these memories I made at West have given me an inexpressible joy, and will stay with me forever."

Callie McFadden

"Spending these past four years at West has been one of the best experiences ever. They always say that high school is one of the best times of your life, and this has held true for me. These are the years you really grow and figure out who you are and who you want to be, and the people who have surrounded me here have done nothing but help me figure that out. The classes and amazing teachers I’ve had here have established me on a path that makes me excited for what’s to come in my future. Nothing has been more fun than the sports I’ve participated in and being able to be around my amazing friends all day. I will continue to look back on the crazy, great memories I’ve had here and I’m thankful for all of it."

Karen Therrien

"When I came to this school as a freshmen, I was thoroughly confused about my place in the world, and frankly lost. Although I had always enjoyed learning, I had never been truly interested in a class’ subject matter before, and I additionally struggled in most social contexts. But coming to West changed all of that. I instantly became fascinated by history, a subject I previously considered insignificant. My favorite class, US Government, instilled in me a love for politics that will most likely last a lifetime. And through the tennis team and activities such as Latin club, I gained a sense of belonging that I had never experienced before. I owe Cherry Hill West a debt that I can never truly repay."

It is so hard to believe that 18 years have gone by so quickly and you will soon be heading off to college! We are so fortunate to have you for a daughter! What a privilege it has been to have a front seat watching you find your way in the world! From soccer to dancing, to softball and throwing discus, to years in Girl Scouts, and many performances on the West stage in orchestra and the spring musicals, we have relished every moment watching you shine!

We know that you will do great things and want you to always remember to take chances! Be willing to go after the things that you really want even when it isn’t easy! When fear is holding you back, and you need an extra dose of courage, know that we will always be there cheering you on! Always stand up for yourself, speak out, try, fail and try again! Always remember who you are and where you came from...a beautiful daughter, loving sister, good friend and family member!

With all our love for the best and brightest future,

“To the world you may be one person, but to one person, you may be the world!”

From the moment you were born, you were my world and my heart! I should have known you would go into broadcasting/journalism when you jumped up on a bench in front of “Lucy the Elephant” in Margate, grabbed my brush to use as a microphone, and reported the weather/news to whoever was listening. I am so proud of all your accomplishments! You are the Editor for the Lion’s Roar, write your own column “Ask the Professionals,” are the Co-Captain of the Swim Team, an Intern for Congressman Norcross, a Board of Education Rep, and have participated in so many other activities at West. I am excited about what your future holds and the adventures you will have in your journey!

One of my favorite cards you gave me said “Mom, it’s a lot easier to be strong when I know I’ve got you to lean on.” But it is you, who makes life easier and fun. Although you will leave home and start your next journey, you will always be a huge piece of my heart and soul.

Remember...“I’ll love you forever, I’ll like you for always, As long as I’m living, my baby you’ll be.” (Robert Munsch, Love You Forever)
