Wherever I May Roam
And White Crusaders Thrill
So Pledge Your Love And Loyalty
LET THE SPIRIT MOVE YOU

To Dear Old Cherry Hill
A feeling of unity,
A feeling within,
The drive is always there.
Though sometimes hidden,
It surfaces;
It roars with energy,
Abounding with enthusiasm,
Ready to come upon you
When you least expect it.
A sudden outburst of spirit,
A bond that brings us together.

Yes, we see it, we hear it,
At pep rallies and sports events,
Where it's most apparent.
But listen closely
To the students and teachers,
In the hallways and classrooms,
The spirit is there . . .
It always has been.
The Rampant Staff dedicates this book to Dennis Davidow. Your kindness and understanding have helped us to grow and better ourselves, and we want you to know that you are deeply appreciated by those whom you have given time and patience. When times were difficult we turned to you and problems seemed to disappear. Dedicating this book now is a small return for all your hours of toil; but through our accomplishments in the coming years, we hope to give you a greater reward. As we go our way, and you continue to guide future classes of Cherry Hill West, we of the Class of 1979 will miss you.

"Your graduation from high school marks a time of new beginnings that can be challenging and rewarding. But despite your confidence and optimism, the world may look rather large and threatening at times. Things will not always be just right, but you must be able to count your failures along with your successes and accomplishments and keep your view of them in balance.

"Develop your own sense of values, your own style, your own priorities and consistently apply them to the opportunities at hand. Dedicate yourself to your task, and let it be part of your life. If it is worth doing, do it the best you know how and enjoy the satisfaction of your best effort.

"Most of all, have faith, faith in yourself and your future, for with your faith you can not only enjoy the present but eagerly move forward with great anticipation into the future."

Robert E. Burdette

---

One man,
With a large office and staff,
Taking care of huge responsibilities,
Decisions made and problems solved,
All taking place in the course of a day,
Repeated throughout the school year.
One student body,
With the help of this man,
Guided through the best years of their lives.
Looking back, years from now,
We'll remember what we learned
And the times we had,
Knowing that it all might not have been possible
Without the help of that man — Mr. Burdette.
Davidow, Wallach, Collins and Jordan
These four have the post of eminent warden
Undertaking a cardinal role,
Keeping their houses under control,
Playing a prime part in their salient profession,
Guiding our paths with prudent discretion,
Administering programs, granting a pardon,
Davidow, Wallach, Collins and Jordan

ON THE SUBJECT OF WORDERY

The subject of wordery's all
in the knowing
Of whether you're coming or
whether you're going,

And knowing you "will be"
long after you've "been",
Or using the prefix
before you begin.

Though the action's quite simple,
it's all in the verbing.
With "helping" and "being"
it gets quite disturbing.

Not to mention the subjects
with all of their pronouns.
I'll tell you, in truth,
we'd do better with no nouns.

So for op'ning the grammar book,
there's an old adage wise:
"'From the mouth of a teacher
oft' times comes demise.'"
What we want is to see the child in pursuit of knowledge, and not knowledge in pursuit of the child.
— Bernard Shaw
All around the globe we go
East and West, to and fro
Customs, cultures, climates, too
We'll travel far before we're through

Oceans, seas, straits, and bays
Geography, charts, years, and days
Memorizing facts until we're blue
It's all in the books for me and you

What's an S.O.P.?
History is an account of past events explaining how other nations have always been wrong.

A leader is someone who cares about everything that is done and sometimes not done. Organization is one of his virtues, as is his ability to guide the students. To a dedication that is unwavering and a devotion that is sincere. Student government wishes Mr. Josephs luck. And may the paths of future governments be steady and clear.

Student Government is reaching out to the students,
Persevering through the mistakes and rejoicing in the successes,
Individuals striving for the perfection of a school that will last forever,
Responsibility to the students to provide activities and
Interesting experiences to overcome that everpresent apathy, and
Time devoted to a never ending task.
But most of all, Student Government is the SPIRIT of Cherry Hill West that will stand throughout the years.

For You, Pat Dahms

Will you excuse, Pat, our shocked surprise?
The tenuous date of life, the flickering
Of this ephemeral fire - it is a theme
That you and we, with all the noble line
Of poets, playwrights, image-makers, have
Limned on the walls of all our palaces,
Our lovely palaces of living words.

Your lines were just half spoken, as we thought;
The finest yet to come, the ones rehearsed
Long and painstakingly. Tonight we see,
Shocked and surprised, that you are gone. Pat,
Was it your cue? Is this an anteroom,
Only the wings of the great, light-drenched stage
From which we catch that faint, far-heard applause?

With an open mind, we, the Aspects staff, view the attempts of others, whether they be artistic or literary. There are times of heated discussion and occasional disagreement, but through it all we know that we could never relinquish the right to be enlightened by the creative work of our peers.

Rampant is a seed,
Out of which beautiful memories grow.
We have made many copies
Of this same seed,
Yet each individual
Will watch it blossom in a different way,
For each Rampant
Will have a special meaning
For those who plant it in their hearts.

162 Field Hockey
Excitement fills the crisp autumn air
The tense eleven take position
Sticks clash
Whack!
I have been hit, slapped, swacked, tapped.
I fly into the cage
To the cheers of the purple and white.
Then again and again
And with propulsive force
I bring them victory.
They care not for my battered and bruised body
But throw me in a bag
Forgetting that without me
Success could not have been achieved.

As he summons all strength from the depths of his soul, and his lithe body moves with much grace and control, one considers the power that there has to be in the fiber that makes him to be what is he; for the gymnast pursues, exulted, one goal, his body subordinate to his mind and his soul.

In this game they talk of a match and a set.
The object? To hit the ball over the net
And keep it in play,
Without going astray.
Singles or doubles may be your forte,
But tennis for all is a popular sport.
Tennis, anyone?

The air is filled
with excitement,
like the sounds
of feet
pounding down the court
and the beat
of blood
pounding in our ears.
The basketball
changes hands so quickly.
They let it fly,
arcing for the hoop,
in hopes of adding
two more points
to the scoreboard.
Each girl excels
in her individual way.
And each game,
whether won or lost,
is a triumph for the team
which creates such excitement.

1956
Cherry Hill High School West has many friends, but none more loyal, none more esteemed, than Dr. Jonas C. Morris.

Second term member of the Cherry Hill Board of Education and, before that, member and president of the Citizens Advisory Council, Dr. Morris has been supporting West ever since he and Mrs. Morris came to see their nephew Bobby Morris perform in "Tea House of the August Moon." That was in 1962.

Their son, J.C., Jr., went all the way through the Cherry Hill school system, and in the twelve years that he was a student they established a unique record which declares eloquently how much they cared. For those twelve years, at Coles School, then at Brainerd and then at West, they never missed a PTA meeting nor a major school program or event, whether J.C. himself had a part in it or not. He graduated from West in '74, but their interest has continued.

Loyal advocate, not only of excellence in the classroom, but also of rich and varied opportunities outside of it, Dr. Morris says, "One of my goals is to see that every student takes part in some extracurricular activity in his or her high school years."

Dr. Jonas Morris, we salute you. May the years in which you will continue to uphold and inspire us in the future be even more than all of those through which you have supported us in the past.
Freshman

As freshmen we anxiously came to the school on Chapel Hill to begin our years of high school. Uncertain, but yet hopeful, we entered its doors and West entered our lives. The many activities to join and new people to meet kept us busy and involved.
Sophomore

Our sophomore year came to us more easily, and as the newness disappeared, our interests grew and our spirits brightened. Maturity began to come also, and with it, a sense of pride in the school we were a part of.
Junior

Our year as juniors brought responsibility and direction. We began to ponder what our futures held, once outside the security of West. But although we were planning ahead, we still had time to enjoy our new-found liberties.

The winds of time
came upon us
when we least expected;
blowing our emotions to the surface
and stirring our hearts to sadness.
In an instant,
the life of a friend was swept away.
And each gentle breeze
is a reminder of the moments
he was among us.
But the winds of time,
although they approach too early for some,
can never blow away
the memories we hold in our hearts.

Never absent or late in all four years of high school
The Spotlight began because I felt that many of our students should be recognized by the community, faculty, administration, and their fellow students for outstanding achievements. All too often, student accomplishments that were positive were minimized in the press and throughout the school. I wanted the Spotlight to change this image. I have truly enjoyed working on the Spotlight to honor students who have given their time and have contributed their talents to enhance the spirit and the positive image of our high school.
The students of West wish to bid a very fond farewell to two teachers whose many years at our school were filled with drive and dedication. Thank you.

Mrs. Kistler and Mrs. Warner, not only for the wisdom which we learned in your classes, but for the inspirations we received from your tireless efforts.

290 Seniors
Senior

As seniors, our minds are energized with conflicting emotions, expectation of what is to come and sadness for time that are gone. In the end, not one wins out; for expectation and sadness go hand in hand, as we move from one phase of life to another and leave behind only the memories of what we gave of ourselves as West students.

Nancy Sooy
In this book we are leaving behind reminders of ourselves. Glimpses of who and what we were fill these pages as a lasting memory. We are finished our work and our play at West now, but part of us will still remain here long after we’re gone. Some of the times sped by. Before we even noticed, they were here, and they were gone. Other times crept along, and it seemed that this life here would be all we would ever know.

Four years is a long time for some, a short time for others. But for all, it was a time of living and growing, exploring and learning — learning to understand some things in life and also in ourselves. Even though we can never see what lies ahead, all of us harbor some feeling of hope somewhere inside us. It is this hope that has brought us this far and will carry us on, on to that thing called life, which appears quite vague right now, but which we have been experiencing all along. The unsureness, and maybe even a little fear, that we feel in leaving the secure life of high school will fade, and hopefully be replaced by another kind of security, the security of a fulfilling and happy life. West has played a part in making us what we are and what we will be, and therefore will be remembered by us, the Class of 1979, for the rest of our lives.

Thinks Bodoni Bold
Is A Spicy
Pasta Dish

But Yesterday She Typeset the
Company Telephone Directory*

Martha operates a Redactron word processing
machine. Yesterday was the deadline for the new
company directory. After Martha typed the changes on
her machine, she transmitted the copy through a
telephone coupler to our Center City offices. We added
a few type codes and fed Martha’s copy directly into our
sophisticated new phototypesetting system.

Martha’s boss was so pleased he took her out to
dinner. She ordered a plate of Bodoni Bold. Nice going,
Martha.

If you have a Redactron (or Wang, CPT, Vydec, IBM, Xerox or
other word processing machine), it’s OK, we understand your
language. Magnetic tape cassette, cartridge or cards. Floppy disk
or paper tape. Whatever your storage medium, we read you. And
that means a saving to us in keystroking, a saving to you in money,
and a job that gets done fast.

Mrs. Levy
Mrs. Lifshey
Mr. Terry McGovern
Mrs. Jackie Weiss
Homeroom
Aldo Belino
Mike Dietch
You touched our lives.
It wasn't for long,
And we were in the impatient spring,
The heady, scented blossoming
Of young, life-lusty years.
We may have scarcely noticed;
We were too much in a hurry,
Hurrying to grow up,
Hurrying to laugh and love and learn
And to be wise.
But now,
Now, as we go,
We turn our heads,
Return your always ready smile
And say,
Thanks, Mrs. Levy,
Thanks, Mrs. Lifshey,
For all you did with us and for us;
Thanks.
