A Dedication
To Dedication

E. Joseph Deering

Mr. Deering, you are a teacher engaged in many activities: the developmental physical education program at Cherry Hill High School West, the Swimming Program for the Handicapped, the annual Play Day for special education students, athletic training for both girls’ and boys’ sports teams at Cherry Hill West, work with the Russell Knight and Sharp elementary schools and other schools in our district; but these are not the reasons why we dedicate this book to you.

You are a professional of ample and highly competent preparation and experience: graduated from Western Maryland in 1953 as a Biology major, with studies in physical therapy under the G.I. Bill at the University of Pennsylvania, extensive experience in the field of physical therapy at such fine institutions as Reading and Hahnemann Hospitals; but these also are not the reasons why we dedicate this book to you.

It is because for many of us you have been not only teacher and athletic trainer, but also friend and confidant. Combining your knowledge, wisdom, and humor, you have given all your students your concern, your time and your friendship.

And so, because you have given so much of yourself to celebrate the youth of Cherry Hill High School West across these fifteen years, we, the Rampant Staff, celebrate you, Mr. Deering, in this our affectionate dedication.
friend, educator, confidant ...

ADMINISTRATION
Dear Members of the Class of 1962:

Best wishes to you on the occasion of your graduation from Cherry Hill High School West. Your four years at West have been important ones for you as well as for our school. You have demonstrated great maturity and great flexibility through a period of significant change. The leadership qualities you have demonstrated have contributed to the quality of our high school and will carry on for many years after your graduation.

The lessons you have learned will have to be put to good use in the years ahead. The world you are entering will provide you with many challenges. Often it is hard to understand that world. It is a world that has been marked by high interest rates which have limited growth in business and by political assassinations which have snuffed out the lives of our oldest leaders.

Sometimes it is hard to tell how to react to the inequities created by constant change. However, your experiences during the last four years have taught you not to be intimidated by changes, but rather to adjust to them. May you always have the strength and courage to accept the challenges which come your way in life, and may you have the flexibility to adjust to the changing times in which you will live.

Best wishes!

Sincerely,

[Signature]

Bernard D. Shapiro
Principal
The assistant principals are an everpresent, yet not so apparent, part of our life here at West. There are four assistant principals, each performing a necessary function at this school. Of the four, two were new to West this year. Mr. Harvey, who came from Thomas Paine Elementary School, is in charge of all student activities. Mr. Moore, Business and Plant Manager, is in charge of attendance and grade reports and all the other details which are involved in the incredible education machine. Of course, who could forget Mr. Collins and Mr. Searles, the assistant principals in charge of disciplinary action? Those little yellow slips are piled high on their desks. And then there is Mr. Jordan who will return next year. For all your efforts and enthusiasm, thank you.
BASIC SKILLS

To climb a mountain
You have to take one step at a time.
Every step counts,
No matter how painstaking it may seem.
You have to find a foothold amongst all the rocks.
The summit seems so far off;
But with each minute, each learning experience,
You progress.
That wonderful moment finally comes.
Celebration!
You’ve reached the top!
All the world belongs to you.

BIOLOGY

FACULTY
The Biology Department proudly added two new courses this year, Biology II Honors and Advanced Placement Biology, for students wishing to take the Biology Advanced Placement test. Other courses vary from the basic Biology I to a specialized interest such as Vertebrate Anatomy, one of many electives. The Cherry Hill Hospital has donated two pieces of equipment to the department, a high speed centrifuge and an ultra technicon tissue, to be used to help the student produce slides. Both large and small revisions in courses this year have given the Biology Department an exciting new curriculum.

Upon a sheet
my blood pours
of its own power.
I cannot halt
the flow of my life
upon the page.
It comes of itself,
a need, a desperate need
to loose one's light
upon a clear white sheet.
Imperfect, incomplete,
a mere shadow of that vision within
the heart,
 vexing the soul with its beauty,
inspired, driven
to create, to celebrate
upon a sheet.
FOREIGN LANGUAGES

Sixty percent of the students in our school take a foreign language. Did you ever wonder what the department does besides teach language to so many people? First of all, there was the student exchange trip to France in November. Not to be outdone, the Latin classes sponsored a huge banquet during the same month, attended by several chapters of the Junior Classical League.
Another new program involves the Spanish-speaking professionals in Camden. Also, this year the International Culture Club operated a "buddy system" to help the non-English speaking students. Further language oriented activities include a French literary magazine, trips to Spanish and French plays, and an International Banquet. Foreign Language courses certainly aren't restricted to the classroom.

Sometimes, when feeling god-like, the director of the orchestra or choir will request the holding of one chord for the sole purpose of making the heavens tremble. Each voice or instrument blends with a sustained harmony that fills the air with a hypnotizing ring. All the evils of the world seem to be drowned for the moment in a sea of intense sound. The creators of this music acquire a sense of power which allows them to say, "When there is music, there is hope." When the director's baton is lowered, reality returns to the band room; the sheets of music with secret instructions for creating peace lie on the floor, and the musicians of hope rush off to Algebra and Typing, leaving the heavens behind.
The endless shuffle of sneakered feet
In rows of tiled gloom,
No posh executive office,
Only a musty locker room.
Juggling piles of clipboards,
Trying to keep classes arranged,
Patient with idle questions
And cries of "Do we get changed?"
Unexcused absence and lab days;
No wonder the coach looks appalled;
They usually all show up later
After the roll has been called.
Preaching fitness to flabby young bodies
Who in street clothes couldn't have cared;
The lecture ends with a tired request,
"Go back and change if you're unprepared."
Endless complaints of physical stress
When the activity has nothing to it;
A word of encouragement gets the usual line
"But I tried; I just couldn't do it."
Here lies some recognition, though,
For long hours of dedication,
For guiding us though four long years
The law requires for graduation!

FACULTY
The task taken on by the Physical Science department is no easy one. They seek to teach the universe's many marvels to students waiting to discover them. There within the lab room is a myriad of phenomena to learn about, question upon question, with answers that only ask more questions. The Physical Science department: our key to unlock the door to the expanding universe.
The artist's task is one of great time and pain. Concentration and patience are virtues no creator can be without. It takes a potter the most time out of the whole ceramic process to learn merely to center the clay on the wheel. The painter will spend hours on each inch of his canvas or the portrait's appearance as a whole will be lost.

The photographer must learn how to stand perfectly still before he is able to capture the beauty of a sunset at dusk. Still, the efforts of the creative mind go unnoticed. Take time to appreciate the artist's time. Then, take time for yourself to find pleasure in the gift she has created for your eyes to explore.
SOCIAL SCIENCES

War in Vietnam
And ruins in Greece,
Abe Lincoln and John Kennedy,
D-Day and the Fourth of July,
Lindberg alone above the Atlantic
And the fall of the Roman Empire,
All of this is History,
A celebration of the human spirit.
Let’s celebrate the teachers who uncover gifts and talents hidden from the common view. Your skill and patience unlock, warm and let flow out the humanity of these special students who are special people.

The Library:
a temple of a thousand deities
patiently waiting silent worship.
In this palace of veneration can
be found pensive scholars in
reflective prayer,
and librarians, like solemn
ministrants,
tending the great God-machine.
Here, noble gods whisper
every emotion of the heart
and abstraction of the intellect,
their clashing ideas,
like repelling magnets
forcibly constrained;
shoulder to shoulder, they stand
behaved, motionless in their
austerity.
Beyond them waits
an archive of universes,
each to be explored,
departures to new lands
for passengers who care to inquire.
We enter the halls of West for four years, and through the four we grow and learn, while all the time Guidance leads us on.

Freshman year — scared and unsure, our path is set by Guidance.

Sophomore year — our path takes direction, and Guidance prepares us for our famed junior year.

Junior year — excited and worried, through the aid of Guidance, we survive.

Finally seniors — ready and waiting, Guidance is there to see our commitments fulfilled before we depart.

Through it all, Guidance is there; Guidance, the department that cares.

I was falling asleep in Algebra;
There seemed nothing better to do;
When by chance I heard the marching feet
Of a squad dressed all in blue.
I peered outside the window,
Ignoring equations and number sets;
For swarming all over the parking lot
Was a band of feisty cadets.
I'd seen them before in the hallways,
Greeted with mocking respect;
But now they seemed an unbeatable crew,
All together and keeping in step.
So that all of today's marching
And being saluted by peers
Becomes a rewarding opportunity
Within the coming years!
Behind every great man there is a great woman, and
Behind every great school there are great secretaries.

Look out, here they come,
A rowdy, riotous bunch;
The famished student body
Is in a frenzy to munch.
Amidst ravenous cries of hunger
There's pushing and shoving in line;
The snarling masses are nourished
From ten until twelve-o-nine.
Pizza, fries and milk shakes,
Hamburger and hot dog buns —
The lunch line seems a mile long;
The food is consumed in tons.
When the last sandwich is sold,
And the last fries heaped on tray,
Both trash-and-silence are left behind;
The army eats for another day.

FRESHMAN CLASS
This year the Sophomore Class seemed stronger than ever, and many people feel that this has been due to the fine leadership of the tenth grade elected officials. Sophomore Class Government ran a candy sale, a hayride, and a ski trip. They sold sweatshirts during the winter, and as if that weren't enough, they also sold flowers at Thanksgiving Day football game.

The sophomore cabinet consists of thirteen members headed by Governor Nadine Lesniowski and Lt. Governor Steven Kessler. Their advisor is Mr. Mello.

SOPHOMORES
The junior year is the key in establishing the financial independence of a class. The Class of '83 has succeeded in doing this. They've lowered the price of prom tickets through candy sales and concessions at the football and basketball games. The activities served to unify the class. The prom, the highlight of the year, was held on May 7, 1982, at the Travel Lodge.

MUSIC
A musician who perseveres and practices is given the opportunity to try out for All State or South Jersey. He must then practice some more and at last he performs in front of judges who score him on his musical performance. The few rare individuals from Cherry Hill West who scored high enough became members of All State Band or South Jersey Wind Ensemble.

This year the Spanish Club was a real winner. In November, the members won first prize in the School Spirit Cake Contest. Their cake was displayed at the International Banquet, held at East, on December 15. At the banquet, Spanish Club members performed an authentic dance of Chile, taught to them by Karina Karahanian-Diaz, and a song and dance to the music of “La Bamba.” Vice-president Nick Shah and his committee planned a Spanish movie night in the winter. Also, the Club featured a Spanish scrabble contest, with winners at each level.

Viva el Club Español!
This year the French Club sponsored a wide variety of activities. Members attended the International Banquet at East in December, providing French desserts and entertainment. Freshman Michelle Goldman mastered some Edith Piaf songs and gave her first performance that evening. Then there was a continental breakfast served to the faculty by the Club. There is also a French Literary and Art magazine along with many trips to the movies and restaurants. The French Club members learn all year long, through a kind of learning that is both exciting and challenging.

War's End

When light and dark meet,
And battle takes place,
Where minds are the generals,
And weapons are harmless,
The taste of blood still thrills
The army on towards slaughter;
But it is a thoughtful massacre,
Not a passionate display of animal spirit.
When the world is flat and ordered
As the chessboard is, we can hope
That soon war will be idealized
To be a beautifully brutal game.

BLACK CULTURE CLUB
The Junior Classical League is a national organization whose members study one of the classical languages, either Latin or Greek. The JCL has become more popular than ever before, with the enrollment in Latin classes going up forty percent this past year. JCL membership shows no signs of slowing down. This is, in fact, one of our school's strongest clubs. We should all be very proud of Mr. Genovesi.

INTERNATIONAL CULTURE CLUB

The ICC offers a wide variety of activities designed to both inform and enrich the students in their curiosity about other lands and cultures. This year a mutually rewarding buddy system has been established between individual ICC members and our foreign students at West who are enrolled in the ESL (English as a Second Language) classes. In December, the members prepared special ethnic dishes for the International Banquet held at East.

Are you good at debating? Do you have a knack for public speaking? Maybe you like to read poetry, or speak extemporaneously? If any of the above traits applies to you, you should think seriously about joining the Forensics Team. The Forensics Team is the debating team. However, debating is only one of the many different categories that are a part of public speaking.

You don't have to be a Daniel Webster to compete in a forensics tournament. Members of the forensics team are taught the art of public speaking. And public speaking is an art that we all could use.

Behind every successful physical education teacher stands a gym aid; one of those kids who'd rather help out than go to study hall. You get to do all sorts of neat stuff like getting attendance sheets in order, running errands all over, and helping figure grades. You keep everything neat and tidy that would otherwise turn into chaos. The teachers all return to their offices after class, and with sheer adoration tell you, "What would I ever do without you!"

It does, indeed, take a special type of person to become an audio visual aide. One thing is certain, being an A.V. aide is hard work. Participants in A.V. aides work all year long. They are responsible for videotaping all athletic events, as well as the cable T.V. newcasts. They also provide the sound for the spring musical and various concerts held throughout the year and are responsible for the general maintenance of all school equipment. Unfortunately, their hard work often goes unrecognized. However, we the editors of the yearbook are not about to let that happen this year. As a matter of fact, we would like to highlight two A.V. aides in particular, seniors Chris Schurle and Joe Kern. Chris and Joe have helped keep our school equipment running, and we thank them for it.

DECA is a national organization located in our school for the students taking a distributive education. Its main goal is to provide experience for these students, through chapter, state, national conferences. At these conferences students compete in various areas of business such as food marketing, modeling and advertising. Our school has been very successful at these competitions in the past.

We celebrate each new day.
Day or night, in SAO
We celebrate!
Lion's Roar, the school's newspaper, is a rich experience for those students interested in the field of journalism. Although its primary purpose is to keep the student body and faculty informed, it also teaches the students who volunteer their time about what is involved in putting out a newspaper. They learn through experience in interviewing, writing articles, editing, advertising and coping with deadlines.

Aspects —
Life has so many aspects,
So many ways of seeing, feeling, knowing,
So many ways to express what lies within
the soul:
Words, pictures . . .
Aspects of writing,
Poems about love,
Essays on the ills of society,
Stories that bring a smile to your face:
Aspects of art,
Images in color and black and white,
Pictures drawn with painful precision;
Aspects of the mind,
A maze of dreams and fantasy,
Glimpses of the world of imagination;
Aspects of the heart,
Tears of joy, tears of sorrow,
Glimmers of hope, shivers of fear —
Aspects.
Open the door;
Step in; explore.
RAMPANT: rearing up on hind legs with fore paws extended, ready for defense or challenge, as a “lion rampant.” “LION RAMPANT,” that’s who we are. Come to the Rampant workroom, first floor F-wing, at homeroom or after school almost any day of the week. See the orderly disorder, sometimes (before deadlines) accelerating into frenetic chaos; the jumbles of photos, lay-outs. Hear the voices, mumbles, shrieks, giggles, words, captions, ideas, tumbling over each other. You are witnessing our staff at work; you are witnessing the creation of a yearbook. Down there at the end of the long table, Ms. Carson presides, like a benevolent, only occasionally vexed and dreadful, goddess over the birth, the coming into being, of the best yearbook we can put together: Rampant ’82.
Knee pads, shoulder pads and helmets clash; Quarterbacks pass and receivers dash; Men get tackled on a hundred-yard lawn By rushing masses of well-trained brawn. And for what all the mayhem, all the muscle shown? Just to move the ol’ pigskin to the opposing end zone.

And watch these fellas play
With total team effort their key to success.
We've got a team with a winning way.
They dribble and pass so adeptly;
Each player fulfilling his role;
The drive won't let up for a minute
'Til the ball reaches the other team's goal.

So don't you be missin' it.

With silence he acknowledges
His curtain call.
Many rehearsed lines
Made in smooth and

For who among them
Could imitate such expression?
It is not just a routine
After all,
It is a performance.

GYMNASTICS
FIELD HOCKEY

Coaches Higgins and Patterson helped bring West's 1980-1981 girls' field hockey team an exciting season. Though the girls didn't win every game, everyone put out the best in every game and throughout the season. The efforts of the team were rewarded when several of its members were chosen to represent our school on the All South Jersey Group 4 Field Hockey team. The coaches have reason to celebrate their team's victorious season.

On a flat road runs the well-trained runner. He is lean and sinewy with muscular legs, He is thinly clothed, he leans forward as he runs, With lightly closed fists and arms partially raised.
Walt Whitman
The 1981 West tennis team certainly has a great deal to be proud of. They defeated their opponents in twelve of the total fifteen matches. Because of their talent and hard work, the team earned the title of Olympic Conference American League Champions. This is quite an honor. Each conference is divided into two leagues. The league to which West belongs, the American league, contains five other schools. This was their first year in the Olympic conference and the team couldn't have made a bigger smash. Congratulations, Champs!
We are the boys' basketball team. Giants on courts, we jump and leap like acrobats, using zones and traps to reach our goal — a basket. And if, at the end of four quarters our baskets are plenty — we are the winners and we CELEBRATE!

Indoor Track

Of all the sports in our school, Indoor Track would certainly qualify as one of the least recognized. This is probably due to the fact that it is primarily a preparation for spring track. Of course, not all of the events covered in spring track can be covered in indoor track; the javelin and discuss cannot be covered for obvious reasons. However, there is something for everyone and the West Indoor Track team is not without excitement.

BOWLING
The man in tights and headgear,
A grappler called by name,
Has overcome many challenges
And undergone great pain.

Six days a week,
Inside four walls,
Beneath sweat and hot air,
He walks and crawls.

Doing sprints, stairs and
Getting home late,
Praying that he
Will be underweight.

His goal is to win each time
On the mat,
Inside the white circle,
In no seconds flat.

He fights for six minutes,
A lifetime each moment.
Bar arm! Crotch trap!
Pin your opponent!

He endures hell for a season
But will no doubt come back
For grapplers have the will
To stick to their track.
JR. VARSITY WRESTLING

FRESHMAN WRESTLING

It's lonely at the top. Ask any West Boys' swimmer — they always seem to pull way out in front. They never seem to come out with less than a winning season. The West Boys' Swim Team is coached by George Rhea.
GIRLS' SWIMMING

Picture six lanes of still water; you are standing on one of six tiny platforms. A voice breaks the silence. "Take your marks." You wait, perhaps two seconds — it seems much longer — and then a starting pistol discharges a single shot, piercing the silence. You scarcely hear it; you spring forward and break the still water. The pace is fast. There are six bodies reaching, stroking, kicking, seeking the finish first. The finish seems far away, and just when you think you can't go on, you find the strength to win! Celebrate!
Lou Vallafame and Jose Rosario are the men who prepare the athletic fields for various sports. They also maintain the well-kept trim appearance of the areas. Ernie Lawrence takes care of all the sports equipment at West, while also maintaining a fond relationship with the students. These men enjoy their work and take pride in fulfilling their responsibilities. We celebrate their devotion to sports at West.
The outstanding 1981-82 Boys’ Swimming Team, led by their captains Michael King and George Zinnerger, celebrated their second place finish in the South Jersey League Championships. They presented their trophy to West Principal Mrs. Joan Katz, who also attended the Championship Meet and rooted West to victory.

The Boys’ Swimming Team has now compiled 346 victories with 35 losses, and 2 ties in its 22 year history. The Boys’ Swimming Team is also proud of its 8 undefeated seasons.
VARSITY BASEBALL

J.V. BASEBALL

It's an American institution and the joy of every little boy. What is it? It's baseball and West's boys outdo themselves in this sport. Out on the diamond, enjoying the spring air, our boys practice, gloves in hand, to honor the home of the Lions. Rampant takes pride in boys of the baseball team.
Softball is not just a girls' version of baseball. The girls do not play a cushioned version of that masculine sport. Rather, they execute moves of grace on the diamond. Each pitch, each hit, each catch a movement in a ballet, sparkling in itself, part of the grand dance of the sport. West’s softball team are dancers celebrating the game.
UNDERCLASSMEN

LACROSSE

UPPERCLASSMEN

Far down in back of West, past the football stadium, is the lacrosse field. One might never notice it, except for the eye-catching, fast-paced action churning up and down the field. It's West's girls' lacrosse team, of course, giving all they've got; is it just for a game?
BOYS' TRACK

Sneakered feet hit the turf in a rhythmic beat. Long legs attached to a lean, fit body stretch in forward motion, putting away yard after yard. Breath comes in long, regular gasps as the runner, never-tiring, ignores all stress, pushing, stretching out, until he has covered that final yard.
GIRLS' TRACK

We have more than the spirit to win,  
We have the courage to join the race,  
The patience to finish the last foot,  
the last yard, the last mile.  
We have the energy to run a little faster every time.  
We have the strength to accept a loss  
and continue to run.  
Yes, we know the thrill of victory!  
We are the runners of West!
BOYS' TENNIS TEAM

Spectators' heads swing back and forth to follow the drama before them. An arch, a lift, a burst of energy sends across court the treasured gem. A swing, a bounce, a run to reach, to return another's shot. The victory is attained with a racquet because West's boys tennis team is hot.
GOLF TEAM

The golfer stands amidst rolling hills and spreading trees. With an agile swing, he sends the ball arcing over the fairway. With a little luck — and skill — the ball will find the green, and the golfer will find that he’s up to par!
SPECIAL EVENTS
Ancient and contemporary customs merged on November 6, 1981 at Cherry Hill West as the toga-clad members of the Junior Classical League feasted at a Roman banquet held in the honor of Ceres, goddess of the Harvest. Magisteri et discipuli came from several South Jersey regional schools to participate in this unique celebration. The "Banquet of Ceres" was held in West's cafeteria which was decorated in autumn colors of gold and orange by the members of JCL. The banquet with its costume contest and Roman skits was a decided success. The school thanks Mr. Genovesi for his fine effort.
"WEST GOES WEST"
THE CALIFORNIA TOUR

To the company of "We've got Magic",

Well, we did it! We made it to California. The trip was a fabulous experience for all of us. I don't think any of us really wanted to come back to Cherry Hill. We put two and a half months of hard work into that show, and the payoff was, of course, the trip. But the show itself is something we should all be proud of. After all, it was Mr. Gellura's first attempt at directing something like that and we were his "guinea pigs". But even more than the show and the trip, are the relationships that began, strengthened, and grew during the two and a half months and the week in California. Thanks to Mr. Barclay and Mr. Gellura for putting a whole lot of time and effort into our first Show Tour. I hope "West goes West" again soon.

With love,
Bruce

On the nights of December 9, 10, 11, there was a murder in Cherry Hill West's auditorium. The supposed victim of the incident was Laura, portrayed by Carolyn Tishler, but this was not the case, for Laura was alive and well. Then who was it lying on the floor with her face half blown away and who was the culprit? That is exactly the question that detective Mark McPherson (Ben Lipitz) was trying to answer. The man behind the murder was Waldo Lydecker (Neil Weber) but the women behind this masterpiece was Miss C. McMenamin. "Laura" was something Cherry Hill West can truly be proud of.
Ten students from West and ten students from East participated in the second annual student exchange program in Salon-de-Provence, France. Once again, the residents of this charming town opened their homes and their hearts to our students. Cherry Hill students attended school with their French correspondents, toured the historical sights of southern France, and spent three days of visiting the exciting attractions of Paris. In April, the French students came to Cherry Hill and attended classes with West.
To win the Junior Miss competition a girl must excel in many ways. Each contestant is subjected to a review of her high school academic and extra-curricular activities. She is then interviewed by a faculty committee and then presents herself to a judging committee highlighting one talent. On the basis of these criteria each high school selects one young lady, who then goes on to county competition and if she is successful, to the state and national levels. But win or lose, through meeting other girls and sharing in free, fair competition, the Junior Miss contest proves to be a memorable experience.
The Homecoming festivities on November 24 were, as always, a tremendous success. The nominees for Homecoming Queen were Christine Marcozzi, Angela Myers, Tracy Gibson, and Lisa Kennel. Betty Dimopilis was elected Homecoming Queen of West. The crowning was followed by a huge bonfire, and a concert given by Full House. The entire celebration was a prelude to the East versus West football game where we celebrated the return of West alumni.
The traditional East-West football game on Thanksgiving Day was as exciting as ever. The fast-paced action combined with the hard hitting goings on in the field made the game enjoyable to watch. West students were so enthusiastic about the game that even our 7-0 loss seemed but a minor disappointment. One West student seemed to sum up the majority's feelings in his approval of the game, when he said, "It was a truly great event."
On December 21, rivals came together, showing true Christmas spirit. Student Activities Organizations, from both Cherry Hill High Schools East and West, held a Christmas party at the Hyatt Regency Hotel for retarded people of all ages. A live band played music and Santa was on hand for the festivities. Students from both schools attended, with an abundance of food and fun for all. It was an enjoyable, heartwarming experience for everyone, a true celebration of the human spirit.

S.A.O. PARTY
This December for their second annual Christmas party, DECA collaborated with the Headstart Program in Camden. Forty underprivileged children and fifty-four students attended the party. Student Mike Tofani dressed as Santa Claus and distributed stuffed animals and candy canes to the children. There were refreshments and fun for all. The members of DECA certainly spread good cheer this holiday season.
R.O.T.C. — OPERATION SANTA

West's ROTC sponsored their first Operation Santa this year with Major Filer in charge of it. Before Christmas Vacation, ROTC members collected gifts from West students. These gifts had to be in good repair as well as being useful and labeled if they were for a girl or boy. When the gift collection ended, the gifts were taken to the County Center for distribution throughout the state. Operation Santa was so successful that ROTC plans another one for next year.
On January 7, 1982, alumni wrestlers from West and East gathered together to once again battle it out on the mats. Although their weight classes might have changed, it was a fun meet for all. The proceeds went to the American Cancer Society, in memory of a close and dear friend, Jimmy Panicola.
A celebration of talent!
One learns
And works
And practices
And sweats
And lives
And breathes
One’s talent.
Not to compete,
Not to win,
But to display,
To perform,
To share
What has been hidden deep within
And can now burst forth into
A celebration of talent!

PLAY
Although this year's Children's Show got off to a slow start, it perked up by January 24th. "Sleeping Beauty" directed by Miss Carol Sgrignioli goes down in the annals of Theater Workshop as another great Children's Show. Senior stars included Scott Toporov, Jocelyn Udell, and Amanda Gamel, but there were many others. This was Miss Sgrignioli's third year directing the Children's Show and she deserves much credit for her fine work.

We say Goodbye to Dr. Shapiro,
Wishing him luck in his future endeavors.
Welcome, Mrs. Katz.
We enter a new era
of Cherry Hill West’s history
with eager expectations.

Best wishes to both our principals.
When Mrs. Katz began her new job on February 1, as the first woman principal in Cherry Hill township, she came with much experience in public education behind her. She began her career as a Spanish teacher in Camden in 1960 and several years later transferred here to West. Later, she became director of activities here and guidance counselor, then assistant principal, at East. She fit into her job with ease. One of her first official duties was to chaperone the senior trip to Florida. This was a great success and enabled her to become closer with the Seniors.

Mrs. Katz, thanks for filling the principal's shoes so well.
Guardian Angels

On February 10, West's history classes were visited by members of the Guardian Angels organization. The members of this crime-fighting society patrol Philadelphia subways and streets in their red-beret-topped uniforms, watching for any threat of violence, although they themselves carry no guns or knives. Their only personal protection is their skill in the martial arts and their looking out for one another.

The movement began in New York four years ago and spread to Philadelphia as crime rates rose. The group selects its members very carefully. Only those with full-time employment are permitted to undergo the rigorous physical and mental training necessary before beginning this volunteer work. The Angels travel in groups of six and are in uniform only to be easily recognized. Cherry Hill West proudly celebrates the bravery and unselfish dedication of these citizens.
This past December, actor Robert Clary came to West as a guest speaker. Clary, best known as Louis LeBeau of “Hogan’s Heroes,” came not to speak about his acting experience but rather his experiences in German concentration camps during World War II. After being liberated in 1945, Mr. Clary realized he could not simply forget the nightmare. Instead, he has devoted himself to informing others about the horrors of the Holocaust.

Mr. Clary, we celebrate your courage.
For the first time in the history of Cherry Hill West, four students successfully completed the five day Gregg Accounting Test Program. These four seniors, Larry Brodsky, Art Gilbert, Al Koerner and Brad Moltosky, all third-year accounting students, took part in this comprehensive review of accounting theory and practice. Their achievement in the initial year of this program has earned them the classification of senior accountant, the highest award of this testing program. The Rampant staff proudly celebrates their achievement. Good Luck in the world of high finance!
Career Day At West

Work — that's the world's way;
Therefore, there is Career Day!
To teach us about different jobs,
Business come in mobs:
The Army, oblivious to one's looks
(They just want some good cooks).
The Banker with his checking account,
The Carpenter with a frame to mount.
It's a period or two
To find out what we may do
When we celebrate
Our ultimate fate —
A CAREER.

Whirlwind music and voices ringing,
Lavish costumes and beautiful girls,
Tap-dancers, top-hats, white tie and tails —
The Ziegfield Follies.

And disguised within lies
The folly of love,
The folly of ambition,
The follies of life!

ORDER
OF THE LION

(left to right)- Donna Orel, Aland Lee, Timmy Hinchman, Susanne Boehm, Janice Roth.

The Order of the Lion is, stated simply, the students in each class with the highest cumulative average. To attain this distinction is quite an accomplishment, and students whose names are listed in the Order of the Lion should be very proud of themselves. Unfortunately, all too often their names go unnoticed. Therefore, we the members of the 1981-1982 Yearbook would like to publicly acknowledge this great achievement. Congratulations, scholars.

Girls' and Boys' State, sponsored by the American Legion Auxiliary, is a program which brings high school students from all over the state together, to learn about our Government. The faculty nominates students on the basis of high school record, extra-curricular activities and leadership qualities. The delegates are then chosen after individual interviews. Representing your high school at Girls' and Boys' State is both an honor and a true learning experience.
When I was announced Homecoming Queen of Cherry Hill West, I was very excited, not only because I was awarded this title but also for what the title itself stood for. I felt proud to represent my school because to me, going to school isn’t just attending school; it means becoming involved and helping the school to grow with spirit and pride. Everyone is a king and queen in his own right if he has pride in himself and his accomplishments.

“The greatest love of all is learning to love yourself.”
George Bensen

The Senior Class Trip to Florida turned out to be a tremendous success. Many thanks are due to the chaperones of the trip and especially Mr. Harvey, whose hard work made the good times possible. Disney World, Wet and Wild, and all the dance floors that the Senior class visited will never be the same. Thanks, teachers, for sharing the fun times with us. Shamu thanks you, too.

Through our four years at West, each of us has achieved many different goals. Among our senior class, though, there are ten individuals who have proven their excellence. They have given their time and dedication to this school and especially to our class. So now we the senior class and the faculty thank them and celebrate their achievements in the Hall of Fame.

IN MEMORIAM

James Panicola
March 20, 1964 - December 28, 1981

On December 28, 1981, after a three month struggle with cancer, Jim Panicola, wrestler, West high school senior, died. Jim was a good student, a fine athlete, a loyal member of his church, and a son and brother close to his family. Jim particularly enjoyed flying remote-controlled airplanes with his father.

You've gone too high, Jim.
We would want to have controlled your flight.
Bent your soul back to earth,
Kept you here
Among your family, your friends,
Your school.
We would want to have pulled down again
Your soaring arc, pulled it down
Earth-bound.
In spite of pain that you grappled with
The way you used to grapple on the mat,
Careful, deliberate, measuring the strength
Of each opponent and your own supple strength.
All of us wanted you to stay, Jim;
To know the mystery only
In the wafer and the wine.
Now
You know the Mystery himself.
The earth signal has faded out;
Your high and beautiful flight,
Strong, young and whole,
Is out beyond.
Under vast, magnificent control.
Swing in wide circles there, Jim;
Wait for us,
Till we come too.

IN MEMORIAM

Mrs. Jeanne Lisowski

November 14, 1922 — February 11, 1982

Why else do we live—
Except to care,
To bandage up a hurt,
To be angry when we see injustice done;
To work hard and conscientiously, to be
The best at a chosen profession that we can be,
Honoring it and bringing it honor;

To live life gladly, zestfully,
But not selfishly;
To speak the truth
Plainly, bluntly perhaps,
Not because we delight to offend, but because
It is the truth and we care about that; we care
About honesty,
Integrity—

“Lord, give me the serenity to accept
The things I cannot change”—

To go through life
Mattering to other people, because
They matter to us,
And we make them feel that they matter?

Why else do we live?
